

STUDIES IN APPLIED MECHANICS 42

# Mechanics of Geomaterial Interfaces

Edited by

**A.P.S. Selvadurai**

*Department of Civil Engineering and Applied Mechanics  
McGill University  
Montreal, Canada*

**M.J. Boulon**

*Laboratoire 3S, IMG  
Université Joseph Fourier  
Grenoble, France*

1995

ELSEVIER

Amsterdam – Lausanne – New York – Oxford – Shannon – Tokyo

## TABLE OF CONTENTS

|  |     |
|--|-----|
| Preface  | v   |
| Acknowledgements   | ix  |
| List of Contributors   | xi  |
| <i>ICE-STRUCTURE INTERFACES</i>  |     |
| Frozen Soil-Structure Interfaces<br>B. Ladanyi   | 3   |
| Experimental Investigations of the Behaviour of Ice at the Contact Zone<br>G.W. Timco and R.M.W. Frederking  | 35  |
| An Ice-Structure Interaction Model<br>D.S. Sodhi   | 57  |
| Models of Ice-Structure Contact for Engineering Applications<br>K. Riska                                     | 77  |
| <i>SOIL-STRUCTURE INTERFACES</i>   |     |
| Modelling and Testing of Interfaces<br>C.S. Desai and D.B. Rigby   | 107 |
| Soil-Structure Interfaces: Experimental Aspects<br>M. Zaman and A. Alvappillai                               | 127 |
| Soil-Structure Interaction: FEM Computations<br>M. Boulon, P. Garnica and P.A. Vermeer                       | 147 |
| Boundary Element Modelling of Geomaterial Interfaces<br>A.P.S. Selvadurai                                    | 173 |
| <i>STEEL-CONCRETE INTERFACES</i>   |     |
| Lattice Model for Analysing Steel-Concrete Interface Behaviour<br>J.G.M. van Mier and A. Vervuurt            | 201 |
| Modelling of Constitutive Relationship of Steel Fiber-Concrete Interface<br>S.P. Shah, Z. Li and Y. Shao     | 227 |
| Steel-Concrete Interfaces: Experimental Aspects<br>H.W. Reinhardt and G.L. Balázs                            | 255 |
| Steel-Concrete Interfaces: Damage and Plasticity Computations<br>J.M. Reynouard, O. Merabet and J.L. Clément | 281 |

*MECHANICS OF ROCK AND CONCRETE JOINTS*

|   |     |
|---|-----|
| Mechanics of Rock Joints: Experimental Aspects<br>L. Jing and O. Stephansson          | 317 |
| Rock Joints – BEM Computations<br>G. Beer and B.A. Poulsen                            | 343 |
| Rock Joints: Theory, Constitutive Equations<br>M.E. Plesha                            | 375 |
| Rock Joints: FEM Implementation and Applications<br>A. Gens, I. Carol and E.E. Alonso | 395 |
| Concrete Joints<br>J.-M. Hohberg  | 421 |

*INTERFACES IN DISCRETE SYSTEMS*

|  |     |
|--|-----|
| Pore Pressure Effects on Interface Behaviour<br>R.O. Davis   | 449 |
| Frictional Contact in Collections of Rigid or Deformable Bodies:<br>Numerical Simulation of Geomaterial Motions<br>M. Jean                 | 463 |
| Interface Localisation in Simple Shear Tests on a Granular Medium<br>Modelled as a Cosserat Continuum<br>I. Vardoulakis and P. Unterreiner | 487 |
| Interfaces in Particulate Materials<br>A. Misra  | 513 |
| AUTHOR INDEX   | 537 |
| SUBJECT INDEX  | 539 |
