TECHNICAL ENGINEERING AND DESIGN GUIDES AS ADAPTED FROM THE US ARMY CORPS OF ENGINEERS, NO. 15

DESIGN OF SHEET PILE WALLS

Published by

ASCE Press

American Society of Civil Engineers

345 East 47th Street

New York, New York 10017-2398

TABLE OF CONTENTS

Chapter 1. Introduction

1-1	Purpose	1
1-2	Applicability	1
1-3	References, Bibliographical and Related Material	1
1-4	Scope	1
1-5	Definitions	1

Chapter 2. General Considerations

2-1	Coordination	3
2-2	Alignment Selection	3
2-3	Geotechnical Considerations	4
2-4	Structural Considerations	4
2-5	Construction	8
2-6	Postconstruction Architectural Treatment and Landscaping	9

Chapter 3. Geotechnical Investigation

3-1	Planning the Investigation	11
3-2	Subsurface Exploration and Site Characterization	11
3-3	Testing of Foundation Materials	12
3-4	In Situ Testing of Foundation Materials	16
3-5	Design Strength Selection	18

Chapter 4. System Loads

4-1	General	21
4-2	Earth Pressures	21
4-3	Earth Pressure Calculations	22
4-4	Surcharge Loads	24
4-5	Water Loads	25
4-6	Additional Applied Loads	27

Chapter 5. System Stability

5-1	Modes of Failure	29
5-2	Design for Rotational Stability	29

Chapter 6. Structural Design

6-1	Forces for Design	39
6-2	Deflections	39
6-3	Design of Sheet Piling	39

Chapter 7. Soil-Structure Interaction Analysis

7-1	Introduction	45
7-2	Soil-Structure Interaction Method	45

7-3	Preliminary Information	45
7-4	Soil-Structure Interaction Model	45
7-5	Nonlinear Soil Springs	46
7-6	Nonlinear Anchor Springs	47
7-7	Application of Soil-Structure Interaction Analysis	47

Chapter 8. Engineering Considerations for Construction

8-1	General	49
8-2	Site Conditions	49
8-3	Construction Sequence	49
8-4	Earthwork	49
8-5	Equipment and Accessories	49
8-6	Storage and Handling	50
8-7	Methods of Installation	50
8-8	Driveability of Sheet Piling	51
8-9	Tolerances	51
8-10	Anchors	51

Chapter 9. Special Design Considerations

9-1	I-Walls of Varying Thickness	53
9-2	Corrosion	53
9-3	Liquefaction Potential During Driving	54
9-4	Settlement	54
9-5	Transition Sections	55
9-6	Utility Crossings	55
9-7	Periodic Inspections	59
9-8	Maintenance and Rehabilitation	59
9-9	Instrumentation	59

Appendix A. References

A-1	Required Publications	61
A-2	Related Publications	61
