

# **MANAGEMENT OF WATER NETWORKS**

**Proceedings of the Conference  
"Efficient Management  
of Water Networks.  
Design and Rehabilitation  
Techniques"**

**Ferrara, May 2006**

**Edited by  
P. Bertola and M. Franchini  
Centro Studi  
Sistemi Acquedottistici**

## **Contributing Authors**

**S. Alvisi, P. Bertola, A. Boccafoschi, B. Brunone,  
M. Cannarozzo, A. Carravetta, G. de Marinis,  
R. Ermini, M. Ferrante, M. Franchini,  
M. Gagliardi, R. Gargano, M. Giugni, S. Grata,  
R. Guercio, P. Ingeduld, S. Liberatore, R. Magini,  
M.R. Mazzola, S. Meniconi, F. Micchetti,  
M. Nicolini, E. Orsi, V. Primavera, B. Rejtano,  
D. Savic, M. Scordo, G.M. Sechi, C. Tricarico,  
G. Zuccaro**

AMGA onlus**

## INDEX

P. Bertola, M. Nicolini: "Evaluating reliability and efficiency of water distribution networks"	7
S. Alvisi, S. Grata, M. Franchini: "Leakage detection planning in water distribution systems"	24
A. Carravetta, M. Giugni: "Functionality factors in the management and rehabilitation of water networks"	40
S. Liberatore, G.M. Sechi: "Scatter search metaheuristic approach for valves location and calibration using the meta-water toolkit"	57
G. de Marinis, R. Gargano, C. Tricarico, D. Savic: "Estimation of reliability thresholds for the rehabilitation of hydraulic networks"	77
M. Cannarozzo, M. Gagliardi, M.R. Mazzola, M. Scordo: "The first step in the management and replacement strategy of a water distribution network: the analysis of main failures"	95
R. Ermini, P. Ingeduld, G. Zuccaro: "A case study of water distribution network reliability assessment with MIKE NET"	109
G. de Marinis, R. Gargano, C. Tricarico, D. Savic: "Models of daily water demand for small towns"	123
E. Orsi: "Some topics in water demand reduction and control"	137

S. Meniconi, M. Ferrante, B. Brunone: "Assessment of the efficiency of a pressure conduit system by means of transient tests: preliminary results"	145
R. Guercio, R. Magini, V. Primavera, F. Micchetti: "A multi-objective approach for optimal control-valve location and setting in a water distribution system"	161
A. Boccafoschi, B. Rejtano: "Entropy and equivocation concepts in assessment of reliability of water distribution networks"	178
Acronyms	191
