

DRAINAGE BASIN SEDIMENT DELIVERY

Edited by

RICHARD F. HADLEY

Department of Geography,
University of Denver,
Denver, Colorado 80210,
USA

Proceedings of a symposium held in
Albuquerque, New Mexico, USA, 4-8 August
1986. This symposium was organized by the
IAHS International Commission on Continental
Erosion in cooperation with the Department of
Geology, University of New Mexico

IAHS Publication No. 159

Contents

Preface	R.F.Hadley	ix
1 NATURE AND SPATIAL DISTRIBUTION OF SEDIMENT SOURCES		
Identification and evaluation of watershed sediment sources	D.J.Coleman and F.N.Scatena	3
Sediment sources and yield from small drainage basins	Mou Jinze	19
Construction phase sediment budget for forest roads on granitic slopes in Idaho	W.F.Megehan, K.A.Seyedbagheri, T.L.Moski, and G.L.Ketcheson	31
Fingerprinting sediment source: the example of a drainage basin in Devon, UK	M.R.Peart and D.E.Walling	41
Sediment budgets in forested and unforested basins in upland Scotland	T.A.Stott, R.I.Ferguson, R.C.Johnson, and M.D.Newsom	57
The siltation and soil erosion survey in Zimbabwe	G.W. vd Wall Bake	69
The impact and economic effects of soil conservation practices on river aggradation	T.B.Connor	81
2 PROCESSES AND SEDIMENT DELIVERY		
Sediment movement in disequilibrium gully fan systems	J.L.Gryta	95
Relationship between sediment supply and sediment transport for the Roaring River, Colorado	J.C.Bathurst, G.J.L.Leeks, and M.D.Newsom	105
Conveyance losses of suspended sediment within a floodplain system	D.E.Walling, S.B.Bradley, and C.Lambert	119
Delivery of pollutants from nonpoint sources	Vladimir Novotny, G.V.Simsiman, and G.Chesters	133
Gully bank erosion of loessial soil in urbanizing watersheds	M.E.Nicklin, J.I.Remus, and J.M.Conroy	141
Seasonal variation in the sediment delivery ratio of a forested drainage basin in Luxembourg	J.J.Duijsings	153

Complex response of a chaparral drainage basin to fire J.R.Laird and M.D.Harvey	165
Mass transport in Krishna River basin, India R.Ramesh and V.Subramanian	185
Sediment delivery on a subtropical basin, India J.N.Sarma	199
Sediment delivery of unusual sediment yield in a mountain drainage basin A.Yazawa and T.Mizuyama	217
Suspended and solute loads on the lower Diyala River N.A.Al-Ansari, G.T.Al-Sinawi, and A.K.Jamil	225
A delivery ratio approach for seasonal transport of sediment W.T.Dickinson, R.P.Rudra, and D.J.Clark	237
Scale effects in predicting soil erosion from large watersheds P.Y.Julien and M.Frenette	253
 3 STORAGE AND MOBILIZATION OF SEDIMENT	
Suspended-sediment storage in river channels: a case study of the River Exe, Devon, UK C.P.Lambert and D.E.Walling	263
Sediment remobilization and storage by discontinuous gullying in humid southeastern Australia M.D.Melville and W.D.Erskine	277
Channel storage of fine-grained sediment in the Potomac River A.J.Miller and L.L.Shoemaker	287
A geological perspective of sediment storage and delivery along the lower Rio Puerco, central New Mexico D.W.Love	305
Periodic surges and sediment remobilization R.J.Heggen	323
Types and processes of short-term sediment and uranium-tailings storage in arroyos: an example from the Rio Puerco of the West, New Mexico J.R.Miller and S.G.Wells	335
Low Australian sediment yields--a question of inefficient sediment delivery L.J.Olive and W.A.Rieger	355
 4 MODELLING SEDIMENT YIELD AND DELIVERY	
Modelling the transport of stored sediment in a gravel-bed river, northwestern California H.M.Kelsey	367
Mathematical model for the computation of sediment yield from a basin V.Hrissanthou	393
Sediment delivery model for the Homerka drainage basin W.Froehlich	403

Use of the modified USLE for average annual sediment yield estimates on small rangeland drainage basins W.L.Jackson, B.P.Van Haveren, and K.Gebhardt	413
A Caesium-137 budget approach to the investigation of sediment delivery from a small agricultural drainage basin in Devon, UK D.E.Walling, S.B.Bradley, and C.J.Wilkinson	423
Mapping drainage basin sediment sources using Caesium-137 B.L.Campbell, R.J.Loughren, G.L.Elliott, and D.J.Shelly	437
Determination of "diffusion" erosion coefficients for some tributaries of Oaklimer Creek, north-central Mississippi Z.B.Begin	447
5 DATA ACQUISITION AND ANALYSES	
Computerizing remote field data acquisition R.T.Clune	465
A comparison of base flow separation techniques W.A.Rieger and L.J.Olive	477
Frequency domain analysis of sediment delivery processes W.A.Rieger and L.J.Olive	483
