BETTER SCHOOLS

Dangerous myths about school costs 101

What makes one school "better"? 104

The difference seems to lie in something as intangible—and important—as architectural space.

Home-grown schools 108

Cartoons by R. O. Blechman.

Four first-rate schools 110

CURRENT ARCHITECTURE

Mid-city "shopping center" 142

In the heart of downtown Denver William Zeckendorf has built a department store with a plaza, an underground garage, a shopping concourse, and an amazing show window.

For Eire, a new "Celtic tower" 127

The proposed U. S. Embassy for Dublin will blend Irish tradition with American concrete technology—a preview.

THE BUSINESS OF BUILDING

Building's biggest contractors 124

A ranking of the 100 general contractors who erect 7 per cent of all U. S. buildings.

Needed soon: more materials capacity 140

By 1962 the up-swing in building will require all of the industry's expanded production facilities, and then some.

Grand Central's Wolfson 132

The little-known head of Manhattan's Diesel Construction Company plans to put up the world's biggest commercial office building.

GALLERY

The equal arts of James Lamantia 134

The same design principles control his painting and his architecture.

TECHNOLOGY

New hope for standardization 146

A progress report on the development and acceptance of "modular measure" as a means of simplifying the building operation.

Garages: mechanical vs. ramp 150

A review of the most promising solutions to the parking problem.
