

DRILLING

Tools and programme management

JOHN S. HARTLEY

John S. Hartley & Associates, Mission Beach, Qld, Australia

ACKNOWLEDGEMENTS	VII
1 INTRODUCTION	1
1.1 Types of drill	4
2 ROD STRINGS	14
3 HOLE-MAKING TOOLS	19
3.1 Auger bits	20
3.2 Cable drill bits	20
3.3 Rotary bits	21
3.4 Hammer bits	25
3.5 Diamond bits	27
4 ROCK DRILLABILITY AND STABILITY	99

A.A. BALKEMA/ROTTERDAM/BROOKFIELD/1994

Contents

80	10 PREPARATION FOR DRILLING PROGRAMME	80
80	10.1 Preliminary planning	80
81	10.2 Calling drilling tenders	81
82	10.3 Selection of contractor	82
83	10.4 Pre-drilling preparations	83
84	10.5 Site preparation and marking	84
	ACKNOWLEDGEMENTS	VII
	1 INTRODUCTION	1
	1.1 Types of drill	4
	2 ROD STRINGS	14
	3 HOLE-MAKING TOOLS	19
	3.1 Auger bits	20
	3.2 Cable drill bits	20
	3.3 Rotary bits	21
	3.4 Hammer bits	25
	3.5 Diamond bits	27
	4 ROCK DRILLABILITY AND STABILITY	39
	5 CIRCULATING FLUIDS AND ADDITIVES	42
	5.1 Air based circulating system	43
	5.2 Water based circulating system	43
	5.3 Cementing	44
	6 DOWNHOLE DRILLING PROBLEMS	46
	6.1 Differential pressure sticking	46
	6.2 Key-seat sticking	46
	6.3 Formation characteristics	49
	6.4 Equipment losses downhole	53
	7 DRILLHOLE DEVIATION	54
	8 DRILLHOLE DEFLECTION	60
	8.1 Artificial wedges	60

VI *Drilling: Tools and programme management*

8.2 Orientating wedges and downhole motors	67
8.3 Placement of wedges	71
8.4 Natural wedging	72
9 SELECTION OF DRILLING METHOD FOR EXPLORATION	75
10 PREPARATION FOR DRILLING PROGRAMME	80
10.1 Preliminary planning	80
10.2 Calling drilling tenders	81
10.3 Selection of contractor	82
10.4 Predrilling preparations	83
10.5 Site preparation and marking	84
11 MANAGING THE DRILLING PROGRAMME	86
11.1 Supervision of contract	86
11.2 Supervision of commencement	86
11.3 Supervision of drilling	87
11.4 Supervision of completion	90
11.5 Hole control	91
11.6 Hole control tools	92
11.7 Hole control application	94
12 DOWNHOLE SURVEYING	98
12.1 Instrumentation	98
12.2 Conducting surveys	103
13 ORIENTATED CORING	106
14 DOWNHOLE LOGGING AND INSPECTION	110
14.1 Downhole logging	110
14.2 Downhole inspections	110
15 SAMPLING	113
15.1 Rotary and hammer	113
15.2 Diamond core	116
APPENDIX 1: Less common core and hole sizes	130
APPENDIX 2: Sample drilling contract agreement	134
APPENDIX 3: Drilling and the environment	140
