# VOLUME I

## CONTENTS

### Report of the Scientific Committee

Franz Jungwirth, Hubert Schmid, Xavier Berástegui, Antoni Roca, Gian Paolo Artioli, Raffaele Pignone, Emile Elewaut, Luca Montanarella

### Session 1 Geology and Soil Sciences, Interregional Experiences of the Harmonisation with Other Disciplines and the Integration at Different Scales

ORAL	<b>Kristine Asch</b> Maps, Geologists and the impact of it: is there a need for digital geological standards?	3
ORAL	<b>Marta González, Montserrat Mases, Josep M. Casas, Iban Masachs</b> An example of a digital Map: The geological map of Andorra	6
ORAL	<b>Klaus Gwinner</b> Geological map and topographic image map "Fossa di Vulcano 1:5 000"- an integrated mapping approach based on high-resolution digital stereo data	8
ORAL	<b>Mountrakis D., Kiliias A., Vavliakis E., Psilovikos A. &amp; Thomaidou E.</b> Neotectonic map of Samos Island (Aegean Sea, Greece): implication of Geographical Information Systems in the Geological mapping	11
ORAL	<b>K. Onuzi, A. Metos, D. Matarangas, V. Qirici, H. Pulaj, E. Bedini, A. Pirdeni, A. Avxhi</b> Correlation of the geological maps 1:50.000 scale of the Albanian - Greek border area	14
ORAL	<b>Sokol G., Germann D., Kimmig B., Kupsch F. &amp; R. Schweizer</b> Partnerships of the state geological survey of Baden-Württemberg, Germany, for state-wide planning processes at different scales	16
ORAL	<b>Janusz Magiera</b> Spatial analysis of deposits of the Quaternary alluvial gravel	18
POSTER	<b>Gàspár Albert</b> Geological modelling of low and intermediate level nuclear waste disposal	21
POSTER	<b>Ali Belhamri and Malika Bouamra</b> The South Atlas fault related to Kohol-Haouita structural axis Algeria	22
POSTER	<b>Vladimír Bezák, Ján Mello, Milan Polák</b> Geological mapping in the Slovak Republic	25
POSTER	<b>Capezzuoli E. &amp; Sandrelli F.</b> Geology of the southern part of the Valdelsa Basin: the quaternary lacustrine carbonates and calcareous tufas of colle Val d'Elsa (Siena)	28
POSTER	<b>György Csirk and Péter Scharek</b> Mineral resource map (1:100,000) of Borsod-Abauj-Zemplen County (northern Hungary)	30
POSTER	<b>Venturini C., Pondrelli M., Fontana C., Delzotto S. &amp; Discenza K.</b> Geological map of the Carnic Alps (1:25.000 scale, Western and Eastern sheets)	31
POSTER	<b>Géza Chikán</b> New maps of South Transdanubian mountains (Hungary)	34
POSTER	<b>K. Lobanov, I. Tchijova</b> Computer analysis of structural-petrophysical data for geodynamic simulation on example of the Kola Superdeep Borehole (Baltic Shield, Russia)	36

POSTER	<b>Andrea Cerrina Feroni, Michele Marroni, Giuseppe Ottria, Luca Pandolfi</b> Representation of polyfolded and unmetamorphic units in Geological Maps: the example of the Borbera Valley (Northen Apennines Italy)	39
POSTER	<b>A. Hasani, V. Pruthi, L. Moisiu, L. Gurabardhi</b> The Formational-Geological Map of Kosovo at scale 1:1000.000	41
POSTER	<b>Kujtim Onuzi</b> Geological maps in Albania	43
POSTER	<b>Marcin Kurzawa &amp; Jacek Ruminski</b> GIS - analysys of the Cenozoic cover over Mesozoic and Palaeozoic tectonic elements in NW Poland	46
POSTER	<b>Carsten Schwarz &amp; Jörg Elbracht</b> Geological map of Lower Saxony 1:50,000 (Gk50 Digital): Geological Information in a new form	48
POSTER	<b>Sandrine Vallin</b> A new guide for the rapresentation of Quaternary deposits and geomorphological elements in geological maps	50
POSTER	<b>Montserrat Vehí, Carles Roqué and Joan Bach</b> Geographic Information Systems in the study of the Selva Basin Environmental Geology (Girona, Spain)	52
POSTER	<b>Francesco Guerrera, Olivia Nesci, Lucilla Tentoni &amp; Mario Tramontana</b> Geological and geomorphological map of the upper Valley of Metauro (Sant'Angelo in Vado-Iamoli) and Foglia (Piandimeleto-Sestino) Rivers in the Marchean Apennines (Italy)	56
POSTER	<b>Colantoni P., De Angelis S., Guerrera F., Mencucci D., Principi M., Savelli D. &amp; Tramontana M.</b> Sheet 268 "Pesaro": geological mapping and GIS application	58
POSTER	<b>G. Nardi, L. Martelli, L.Monti</b> The 1:25.000 geological map of the Campania Region: the example of the sheet n. 503 Vallo della Lucania	59
POSTER	<b>Sciuto P.F.</b> Geologic time scale, evaluation of the kinetics reaction thought a coeval approach to dating in geochronology	61
POSTER	<b>R. Santacroce, A. Sbrana, L.Monti</b> The Vesuvius geological map	63
POSTER	<b>Nasser Abu-Zeid, Enrico Mazzini, Anna Rita Bernardi</b> Use of high resolution 2D electrical resistivity tomography for landslide investigation	64
POSTER	<b>W. El-Rehime</b> Problems of development of the Northern Part of Western Desert of Egypt	67

## Session 2 Sustainable Management of Natural Resources

ORAL	<b>A.N.Sultanhodzhaev, H.A.Akbarov, L.A.Alibekov, A.B. Radjabov</b> Cartography and sustainable management of natural resources	68
ORAL	<b>Giovanni Brighenti, Paolo Macini, Ezio Mesini</b> Environment and sustainable management of Hydrocarbons	69
ORAL	<b>Massimo Coli, Mauro Fornaro, Elisa Livi, Enrico Lovera</b> Guide-Lines for a Master-Plan of the Carrara Marble exploitation	72
ORAL	<b>Magalhães M. R., Abreu M. M., Campo S.L., Cunha N. S., Silva P.G.</b> The local ecological structure as a tool of landscape substainability - the case study of Loures (Portugal)	75

ORAL	<b>Jakup Hoxha, Llazar Dimo, Fatbardha Cara, Fatmir Kalaja, Peter Scharek</b> The studies and geo-environmental mappings in Albania	78
ORAL	<b>Lars Persson</b> A multidisciplinary geoscientific project in a built-up region, central Sweden	81
ORAL	<b>K. Poschlod &amp; S. Wagner</b> From Analytics to the digital raw material map - by the example of the Ingolstadt Region	84
ORAL	<b>Małgorzata Sikorska-Maykowska, Dariusz Grabowski, Ryszard Strzelecki, Paweł Lewandowski</b> Environmental evaluation for regional planning and management	86
ORAL	<b>Marc Roche, Foen Degrendele, and Patrik Schotte</b> Mapping and monitoring the dredging area of the belgian continental shelf using a multibeam echosounder	88
ORAL	<b>S. Bottero, S. Carboni, S. Loddo, A. Marrone, A. Pala, G. Serra, A. Vacca</b> Thematic maps to support soil and water management: a study case in a marginal area in the mediterranean	91
POSTER	<b>Mihai Ciprian Margarint, Ionel Boamfa</b> Cartographical contributions in the geomorphological study of the forested park Vinatori Neamt (Romania)	94
POSTER	<b>Massimo Coli, Elisa Livi, Chiara Tanini</b> Historical and cultural recovery of the Pietra Serena quarrying in Fiesole (Firenze-Italy)	95
POSTER	<b>F. Manfredi Frattarelli, F. Mercuri, V. Auer &amp; G. Ciancio</b> Istances of territorial analysis to national scale through the application of GIS methodology in order to locate suitable areas to produces energy from renewable sources: the thermodynamic	97
POSTER	<b>Géza Chikán</b> Handling of abandoned quarries in Hungary	100
POSTER	<b>Mladen Crnjar, Jasna Juretic</b> Sustainable development and physical planning in the Rijeka Region	101
POSTER	<b>V.Z. Manusov, M.S. Kornev, V.A. Bogomolov, E.A. Tokarev</b> Solar energy as a dominant in regional power problem solving using fuzzy logic	104
POSTER	<b>I.V.Kovalenko, T.G. Kostelova, L.N. Shulyaeva, I.S. Tigetova</b> Drawing up of resources gemstones raw material maps and preparation them to creation of the GIS- projects	106
POSTER	<b>Christian Lerch, Oswald Marinoni, Stefan Lang and Andreas Hoppe</b> Geology and land use: sustainability in the surroundings of urban areas (Southern Hesse, Germany)	108
POSTER	<b>Péter Scharek</b> Regional geological data management and its application in environmental studies in Hungary	110
POSTER	<b>E. Settles</b> Geothermal Atlas of Bavaria - providing a basis for the utilization of geothermal energy resources	113
POSTER	<b>Ziling D.G., Kharkina M.A., Andreeva T.V.</b> Ecological geological maps as scientific basis for rational nature use	116
POSTER	<b>G.P. Cherchi, A. Aversano, G. Oggiano</b> Prospecting for new deposits: the granite district of Arzachena (SS)-Island of Sardinia (Italy)	118

POSTER	<b>M. Dall'Aglio, F. Manfredi Frattarelli, G. Venanzi, B. Giannerini, R. Palmieri, L. Bartoletti</b> Interactive DataBase for the evaluation of the quality of the natural waters of the Grosseto Province, based on new multilayer vectorial map	120
<b>Session 3 Agriculture and Soil Conservation</b>		
ORAL	<b>Winfried E.H. Blum</b> Sustainable land and soil management in the European Union	121
ORAL	<b>D. Bartolini, L. Borselli, C. Calzolari, S. De Alba, M. Guermandi, N. Laruccia, D. Torri, F. Ungaro</b> Soil erosion processes assessment in hilly and mountainous areas of Regione Emilia-Romagna	122
ORAL	<b>Edoardo A.C. Costantini, Simona Magini, Rosario Napoli</b> A land systems database of Italy	124
ORAL	<b>Hans J. Heineke</b> Soil Conservation needs Expertise - The Soil Information System of Lower Saxony - Germany	127
ORAL	<b>Iliyana Damyanova-Kirilovaa, Alexander Sadovskib, Marina Stanilovac, Monique Burrusd</b> System approach to study summer snowflake ( <i>Leucojum aestivum</i> L.) bulb propagation by twin-scaling method	128
ORAL	<b>Jörg Kues</b> Providing geoinformation for precision agriculture - An approach from Lower Saxony	129
ORAL	<b>S.N.Kalimullina, A.I.Morozkin</b> On the creation of Red Book of soils and system of specially protected soil Areas in the Volga-Kama Forest-Steppe	131
ORAL	<b>Ungaro F., Calzolari C., Tarocco P., Sarno G. and Guermandi M.</b> Sequential gaussian simulations for soil organic matter mapping in the Pianura emiliano-romagnola	132
ORAL	<b>I. Vinci, S. Carnicelli, A. Garlato, P. Mozzi, G. Sartori</b> Soil map of The Veneto Region, scale 1:250,000: working methods in a multiscale approach	133
ORAL	<b>Ali I. Al-Juboury &amp; Aboush H. Al-Hadidy</b> Mesozoic red Paleosoils of the western desert of Iraq: mineralogical and geochemical indicators	136
POSTER	<b>Balykova Svetlana D., Andreeva Tatiana V., Yershova Anna V.</b> Investigation of key loess profiles of the northern Eurasia	138
POSTER	<b>Dietmar Krug, Reinhard Hartwich, Wolf Eckelmann</b> Harmonised spatial data for soil protection in Germany	140
POSTER	<b>Zdravka Petkova</b> Effect of plant residues with different C:N ratio	143
POSTER	<b>Andrew A.Kuleshov, Elena E.Myshteskaya, Vladimir F.Tishkin</b> Forest fires modelling as a composite part of land cover monitoring and land security policies	146
POSTER	<b>Dragica Stojiljkovic, Ivana Lepotic</b> Role of balance in groundwater of aeration zone	148
POSTER	<b>Oller P., Ascaso E., Coetze M., Marturià J., Roca A.</b> Project to support the agro-ecological zoning programme in Namibia. Final results	149

POSTER	<b>Boyka Nikolova-Belcheva, Rossica Toncheva, Petra Alexandrova</b> A trial to systematize the factors appraisal of the impact on environment with respect to an ecological risky region in east Rodopa Mountain	151
POSTER	<b>Rossica Toncheva, Boyka Nikolova-Belcheva, Petra Alexandrova</b> Optimized methodical approach in laboratory chemical practice by analytical results statistical processing	151
POSTER	<b>Boni I., Petrella F., Piazz M., Salandin R.</b> The Map of Soil Potential concerning groundwater Protection in the Piedmont Region	152
POSTER	<b>Farsang Andrea, M. Tóth Tivadar</b> Spatial distribution of soil nutrients in a cultivated catchment area: estimation using basic soil parametres	154
<b>Session 4 Integrated Coastal Management: a Geological Approach</b>		
ORAL	<b>P.P.C. Aucelli, E. Iannantuono, C.M. Rosskopf</b> Evolutive trends and present morphodynamics along the Molise Coast and their relationship to Share protection structures (Southern Italy)	157
ORAL	<b>Giovanni Battista La Monica, Umberto Simeoni</b> Rilevanza dei fattori geologici in una programmazione territoriale e gestione della fascia costiera	160
ORAL	<b>Luigi Nicolais, Lucia Monti, Carlo Donadio, Maria Luisa Putignano, Romeo Mariano Toccaceli</b> Geology of submarine coastal zones. Guideline to Subaqueous Geological Surveys (scale 1:10.000)	162
ORAL	<b>Bortone G., Perini L., Rinaldi A.</b> Integrated Coastal Zone Management plan in Emilia-Romagna	165
ORAL	<b>Dora Angelova</b> Geology and tectonics of the Varna Bay (Bulgaria)	167
ORAL	<b>Nedia Ghannem &amp; Chokri Yaïch</b> The inshore fringe of the Kerkennah Archipelago: sedimentary features and spatio-temporal evolution	169
ORAL	<b>Franco Ortolani, Silvana Pagliuca</b> Climate change and littoral evolution: impact on the regional economy	172
ORAL	<b>Paolo Ciavola, Luisa Perini , Ubaldo Cibin, Corinne Corbau , and Samantha Lorito</b> Analysis of the historical evolution of the Emilia-Romagna coast using geographical information systems	174
ORAL	<b>Dimitra Rapti Caputo, Carmela Vaccaro and Linda Bertelli</b> Coastal aquifer systems in alluvial plains: the Emilia-Romagna case study (Northern Italy)	178
POSTER	<b>Ayman H. Nasr, Belal M. El-Leithy and Fikry I. Khalaf</b> Environmental modeling using remote sensing and GIS for sustainable ecotourism development of Marsa Alam-Bernice Area, Egypt	1794
POSTER	<b>Marturià Jordi and Lleopard Anna</b> GIS based decision tools for a sustainable development of tourism activities in coastal areas: GOA (India) case study	180
POSTER	<b>Renzo Valloni, Fabio Corbani</b> The morpho-sedimentological Types of Italian marine coasts	182
POSTER	<b>Sergio Silenzi, Mauro De Donatis, Saverio Devoti, Giuliano Gallerini, Marco Fulvio Nisi</b> Integrated hazard and risk analysis of Versilia coastal plain (Italy) with respect to relative sea level rise	183

POSTER	<b>Giovanni Arnone e Francesca Grosso</b> Integrated coastal management: a geological approach	186
POSTER	<b>Ulazzi E., Antonellini M. and Gabbianni G.</b> Saltwater Intrusion in the unconfined coastal aquifer of the Cervia municipality	187
POSTER	<b>Margarita Matova</b> Geological deformation of black sea coast (town of Kavarna - Cape Kaliakra, Bulgaria)	189
ORAL	<b>Tazio Strozzi, Laura Carbognin, Roberto Rosselli, Pietro Teatini, Luigi Tosi, Urs Wegmüller</b> Ground vertical movements in Urban Areas of the Veneto Region (Italy) detected by DInSAR	190

## Session 5 Geology of Urban Areas

ORAL	<b>De Rienzo F., Nardi G., Pelizza S.</b> Geological and geotechnical model of Turin subsoil managed by a GIS	195
ORAL	<b>Abreu M. M., Magalhães M.R., Cunha N. S., Campo S.L., Silva P.G.</b> The Landscape geomorphic dynamic as a contribution for the Local Ecological Structure-Loures, a municipality of Lisbon metropolitan area (Portugal)	199
ORAL	<b>M. Boccaletti, G. Pranzini, G. Corti</b> The sub-surface of Florence: a resource for the 3D development of the town. The example of the micro-underground	202
ORAL	<b>M.S.Giammarinaro, S. Maiorana, P.Vallone</b> A GIS application for historical-monumental heritage	204
ORAL	<b>Lentini F., Guarnieri P., Branca S., Caliri A., Carbone S., Di Stefano A.</b> Multidisciplinary geological analysis in different urban settings: examples from Messina Strait and Catania	207
ORAL	<b>Vincenzo Liguori &amp; Palma Pratini</b> Palermo urban area: division into lithological zones and data management	209
ORAL	<b>Margarita Matova</b> Some geological problems of Sofia City (Bulgaria)	212
ORAL / POSTER	<b>E. Melis, E. Annino, S. Barca, F. Di Gregorio, P. Orrù, A. Pala, C. Pintus, R. Pischedda, E. Sarria, A. Trogu &amp; A. Ulzega</b> The urban area of Cagliari (Sardinia, Italy). Results from the CARG Project - Geological Map of Italy 1:50,000	213
ORAL	<b>L. Jovanovic and D. Stojadinovic</b> Managing of water resources in urban areas of Serbia	216
ORAL	<b>Pierre Thierry</b> 3D geological model of an urban area: Mulhouse (France)	217
POSTER	<b>Dora Angelova</b> Geology of urban areas in the Sofia municipality (Bulgaria)	219
POSTER	<b>Ugo Chiocchini, Sergio Madonna, Fedele Manna</b> Geological features of the Viterbo urban area	221
POSTER	<b>Massimo Coli, Francesco Agili, Giovanni Pranzini</b> Geological setting of the Firenze underground	223
POSTER	<b>Carlotta Franceschelli, Stefano Marabini</b> New evidences of post-roman alluvial cover in urban sites along the Via Aemilia (Emilia-Romagna, Italy)	225

POSTER	<b>Szurkos Gábor and Zsámbok István</b> Environmental geological mapping of urban areas in the Geological Institute of Hungary	228
POSTER	<b>F. Carraro &amp; S. Lucchesi</b> Geological map of Turin (North-Western Italy)	229
POSTER	<b>E. Melis, E. Annino, S. Barca, F. Di Gregorio, P. Orrù, A. Pala, C. Pintus, R. Pischedda, E. Sarria, A. Trogu &amp; A. Ulzega</b> The Urban area of Cagliari (Sardinia, Italy) Results from the CARG Project - Geological Map of Italy 1:50,000	213
POSTER	<b>Franco Ortolani, Silvana Pagliuca</b> Geoenvironmental and urban evolution in the metropolitan area of Naples: past and future	232
POSTER	<b>Valentina Bassan e Andrea Vitturi</b> Lo studio geoambientale della Provincia di Venezia, parte centrale	235

## Session 6 Climate Changes: Desertification, Erosion and the Role of Soils as Source and Sink of Greenhouses Gases

ORAL	<b>János Rakonczai and Ferenc Kovács</b> Possibilities of remote sensing methods in aridification process in Hungary	238
ORAL	<b>Bareev I.A., Fedotov V.M., Kuznetsov O.B., Levanov V.N. and Bubnov Y.P.</b> Monitoring of the geological environment and forecast of changes in the top soil for the Republic of Tatarstan	239
ORAL	<b>Franco Ortolani, Silvana Pagliuca</b> Climate change, geoenvironmental evolution and expected impact on agriculture in Southern Italy	241
ORAL	<b>M.R. Kannan, S. Sidharthan, A.P. Pradeepkumar, K.P. Jai Kiran, K. Viswambharan</b> Non-sustainable land use practices within a progressive, sustainable society: a case study from Kerala, India	244
ORAL	<b>C. Cacciamani, V. Pavan, S. Tibaldi, R. Tomozeiu</b> Climate change and meteoclimatology	246
ORAL	<b>Latifa Elmahiri, Jaouad El Qayed, Souad Aabir</b> Cartographic approach and qualitative evaluation of erosion processes in the Ourika watershed (Hight Atlas of Marrakech, Maroc) using a Geographical Information System	248
ORAL	<b>R.J.A. Jones, R. Hiederer, E. Rusco, P.J. Loveland &amp; L. Montanarella</b> Topsoil organic carbon in Europe	249
POSTER	<b>C. Cacciamani, S. Nanni, S. Tibaldi</b> The regional Hydro-meteorological service of the regional agency for environmental prevention of Emilia-Romagna, Italy: main operational products, activities and real-time observing system	252
POSTER	<b>Wojciech Morawski</b> Reconstruction of ice sheet movement direction based on glaciotectonic deformations, northern Poland	255
POSTER	<b>Franco Ortolani, Silvana Pagliuca</b> Climate change and geoenvironmental evolution in the Mediterranean Area (2500 BP - near future)	256
POSTER	<b>Franco Ortolani, Silvana Pagliuca</b> Geoenvironmental and urban evolution: past and future	259

<b>Session 7 Soil Survey, Monitoring and Database: Multidisciplinary and Multiscale Integration and Interregional Harmonisation</b>
ORAL C. Fritz & W. Waldmann Regional soil databases to support interregional soil and ground-water protection (INTEREG II) 262
ORAL Paolo Giandon, Ialina Vinci Towards a national soil monitoring network for environmental purposes 264
ORAL S.N.Kalimullina The Elaboration of The Heavy Metals Regional Clusters in Conditions of the soil-ecological mapping 267
ORAL Donatello Magaldi, Patrizia Peroni, Rinalda Di Stefano The clayey soils activity hazard map of Italy 268
ORAL R.Napoli, E.A.C.Costantini, P.Bazzoffi, A.Vinci, M.Bocci, L.Gardin Tuscany regional Soil Information System: structure, multiscale soil data integration and applied thematic models 270
ORAL László Pásztor, József Szabó Compilation of complex large scale soil-land information systems in Hungary 273
ORAL Ari Talkkari, Raimo Nevalainen Georeferenced 1:250,000 soil database for Finland - an approach based on multisource geological and soil data 276
ORAL Zanolla S., Barbieri S., Michelutti G. The SoLS Project: From soil database to soil information system 279
ORAL Maurizio Bonardi, Mario Putti, Federica Rizzetto, Pietro Teatini, Luigi Tosi, Francesca Furlanetto Soil survey and monitoring of a reclaimed basin south of the Venice Lagoon (Italy) 281
ORAL F. Bonsignore, T. Draghetti, D. Fontana, A. Rapino, M.Unguendoli Emilia-Romagna subsidence monitoring network. GPS Network: measurements 2002 284
POSTER S. Brenna, D. D'Alessio, F. Malucelli, R. Rasio Pedo-Landscape Map (1:250k) of the Lombardy-Italy 287
POSTER Federico Mensio, Giuseppina Nicoli, Rosalba Riccobene, Mauro Piazzì Soil Map of Piemonte Region at 1:250.000: the cartographic process 289
POSTER Susanna Gramaglia, Leonardo Gribaudo, Paolo F. Martalò, Mauro Piazzì, Roberto Salandin Soil Information Management in Piemonte (Italia) 292
POSTER Paola Tarocco, Giovanni Ciardi Soil information system in Emilia-Romagna Region 294
POSTER Divo Vincenzi, Antonio Gnes Geographic Information Systems. A real help for carrying out a groundwater monitoring Network 297
<b>Session 8 Land Security Policies</b>
ORAL Stanislaw Ostaficzuk The concept of global hazard virtual database (GHVDb) 300
ORAL Márton Péti GIS analysed hazards of ownership and Land Management under the newly trasformed hungarian circumstance 303

ORAL A. von Poschinger & K. Mayer Landslide hazard assessment on regional and local scale 305
ORAL Olivier Lateltin, Blaise Duvernay & Hugo Raetzo Natural hazards and land-use planning in Switzerland 307
ORAL G. Bertolini & M. Pizziolo The landslides of Emilia Apennines: distribution, features, triggering causes 309
ORAL Jordi Cabot i Ple Strategy for the delimitation and management of flood areas in Catalonia 311
ORAL A. Roca, J. Fleta, J. Palau, M. Barberà, C. Galiano, J. Fortuny, F. Miralles, P. Torres Geological hazard analysis for regional planning in Catalonia 312
ORAL Bertolini Giovanni, Manlio Ramasco The IFFI project and the regional administrations: the Piemonte and Emilia-Romagna experience 314
ORAL M. Ceriani , D. Fossati Use of SAR Data (Permanent scatterers technique) in order to verify landslides activity 315
POSTER Marcello Principi, Claudia Bettucci, Roberto Brascugli, Andrea Carotti, Michele Marconi Project IFFI of Regione Marche 316
POSTER Rönnau C.,Czurda K. Geo-risk analysis of mass movements in the alpine region with application to an UNESCO cultural heritage (Hallstatt/Austria) 317
POSTER M. Ruff & K. Czurda GIS - based geological hazard assessment at the Northern Calcareous Alps, Austria 319
POSTER Sciuto P.F. A Geochemical application of Thom's catastrophe theory: a natural mercury contamination process in Monte Argentario (Italy), a space-time extended investigation 321
POSTER A.M. Shurygin , M.S. Strigunova Earthquake prediction for Italia 327
POSTER A.M. Shurygin , N.A. Shurygin Tsunami danger for mediterranean 329
POSTER Carla Simeoni, Sergio Bellagamba, Marco Di Basilo, Alessandra Marino Environmental liability for major hazard facilities: international scenario and european perspective 330
POSTER Maria Cleofe Stefanini Spatio-temporal maps: a tool for mass movements analysis 331
POSTER A.N.Sultankhodjaev, Kh.A.Akbarov, S.T.Khusanov, A.S.Khusanov Cartography and Startegy of earthquake prediction in Uzbekistan 333
POSTER Gianfranco Susella, Daniele Bormioli, Giuseppina Moletta, Grazia Gallo, Barbara Loi, Stefano Rinaldi Tourist camp sites in the Piemont Region ambit idendification and ambient compatibility indications as regard geological hazard; registry of land informations, advivces text 335
POSTER G. Bracci, C. Dibari, M. Masoni & G. Testa The geologic and geomorphologic maps of the Province of Pisa (Tuscany - Italy) as new tools for Land Planning and Management 338
POSTER Maria Cristina Treu, Marcella Samakovlija, Angela Colucci Floods: territorial vulnerability assessment and planning 340

POSTER	<b>Olivier Kaufmann, Céline Vanneste &amp; Thierry Martin</b> Sinkhole geohazard mapping with GIS in the "Tournaisis" area, Western Belgium	343
POSTER	<b>A. Kienzle, D. Hannich, W. Wirth</b> Seismic microzonation of Bucharest- A GIS based study of earthquake hazard	345
POSTER	<b>Brunamonte F., Lollino G. &amp; Baldo M.</b> An integrated approach to the study of large landslides of the Northern Apennines: from a historical catalogues to the application of new monitoring techniques	347
POSTER	<b>C. Meisina</b> Engineering geological mapping for the assessment of the swelling/shrinkage susceptibility	350
POSTER	<b>Sara Pignone</b> Methodological and technical aspects for the valuation of spatial predictive models for landslide hazard mapping	352
POSTER	<b>Gianfranca Bellardone, Lidia Giacomelli, Claudia Giampaiani, Giuseppina Moletta</b> The evolution of risk prevention information system: from geological data bank to geological information System and its section "process and effects"	354
POSTER	<b>Cecili Alessandro, Alzate Agudelo Gloria, Atturo Catia, De Filippis Luigi, Droise Carmen, Poncia Pier Paolo &amp; Ragone Gianluca</b> A GIS analysis for risk assessment: the case of Vicovaro (Latium, Central Italy)	356
POSTER	<b>Gatiatullin, R.N., Gatiatullin, N.S., Mirzoev, K.M. and Stepanov, V.P.</b> Seismicity, man-caused accidents in south-eastern Tatarstan and karst hazard in the town of Kazan (Tatarstan, Russia)	357
POSTER	<b>Regina Morkunaite, Algimantas Cesnulevicius</b> Features and assessment of Vilnius Relief dynamic	358
POSTER	<b>Miroslaw Kaminski</b> Application remote sensing technique and GIS for investigating selected landslides on the Dynowskie Hill (northeastern Carpathian, Poland)	360
POSTER	<b>Péter Jakus</b> Engineering geological map of Balatonfüred on the scale 1:10,000	361
POSTER	<b>Baraboshkina T.A., Loshkariova A.A., Vorobiev C.A., Ershov A.U.</b> Ecological-geological mapping: problems and questions (example from the Mountain Crimea)	362
POSTER	<b>F. Agili, A. Bartolomei, N. Casagli, F. Catani, L. Ermini, P. Farina, M. Kukavicek, M. Mirannalti, G. Montini, S. Moretti, G. Righini, L. Sulli</b> Application of GIS - based techniques and remote sensing analysis to landslide risk in the Arno River basin	364
POSTER	<b>E. A. Cherkez, O. V. Dragomyretska</b> HydroGEOmechanic of the basic deformed layer of squeeze-out landslide of Odessa coast	367
