Planning

Proceedings

Volume II

## VOLUME II

**Session 9 Education and Divulgation of Geology**

ORAL	<b>Andrzej Ber</b> General overview of the geological cartography in Poland	371
ORAL	<b>Alekseev M.N., Drouchits V.A.</b> Principal peculiarities of the atlas "Geology and Mineral Resources of the Russian Shelf Areas"	372
ORAL	<b>Marco Giardino, Brunello Maffeo &amp; Stefano Maffeo</b> Geothematic Atlas of the high Elvo Valley (Italian NW - Alps): Contribution to better land management and geological education	374
ORAL	<b>P. Allegra, M. Fadda, G. Lollino, G. Nigrelli, M. Porpiglia</b> Web GIS Application to an informatic territorial database for natural risk mitigation	376
ORAL	<b>I. Martín-Sánchez, S. Martín-Alfageme, A. Barnolas , I. Gil-Peña, A. Maestro, A. Robador, J.M. Samsó, A. Teixell</b> Software methodological aspects focused on databases linked to geological cartography	379
ORAL	<b>Montserrat Mases, Marta González</b> The research and divulgation projects of the Earth Sciences Centre (CRECIT) in the principality of Andorra	381
ORAL	<b>Brandt Sandra, Lagally Ulrich &amp; Eichhorn Roland</b> Bavarian Top 100 Geosites - an important source for a sustainable eco-tourism in Bavaria	384
ORAL	<b>Wim de Gans</b> The forgotten earth	386
ORAL	<b>Benedetti Elisabetta, Dessì Riccardo, Muntoni Francesco, Pillola Gian Luigi</b> The upper carboniferous San Giorgio Basin (South Western Sardinia). Protection and exploitation proposals	387
ORAL	<b>R. Pignone, Giangi Poli</b> Geology of Planet Earth Multimedial Book	390
ORAL	<b>Puig C. and Berástegui X.</b> The new 1:50,000 geological map of Catalonia. Its use as a didactic tool.	391
POSTER	<b>A. Barnolas, P. Clariana, I. Gil-Peña, S. Martín-Alfageme, I. Martín-Sánchez, M. Rico, A. Robador, J.M. Samsó, A. Teixell</b> The spreading of the geological heritage linked to the knowledge of the regional geology: a cartographic and multimedia tool for the south-central Pyrenean Foreland basin case	393
POSTER	<b>Esposito L., Ferretta C., Valletta M. &amp; Traversa P.</b> Geological heritage of Camposauro: priority issue of knowledge and sustainable development of a natural protected area	395
POSTER	<b>Ilaria Di Cocco, Maria Teresa De Nardo</b> Archeology and modern thematic mapping: case studies in the Piacenza Apennines	400
POSTER	<b>M.L. Cavallini, P.L. Dall'Aglio, I. Di Cocco, D. Naldini</b> Relationships between geomorphological and archeological data in order to study of the evolution of the human impact on the environment, Pergola Territory, Marche Region	405
POSTER	<b>Ribeiro L., Abreu M. M., Bulcão L. &amp; Arsénio P.</b> Landscape sensitivity as a conciliation concept between biophysical and cultural factors in planning for protected areas: the example of two volcanic protected landscapes in azores,	407

POSTER	<b>George Turcanasu</b> Boundaries and metamorphoses of Moldavia Territory	409
POSTER	<b>V.V. Stogny, G.A. Stogny and A.S. Savinov</b> Geological information as an indispensable element of branch integration in modern natural history	410
POSTER	<b>Puig C. and Viñas-Folk O.</b> A 3D - Navigation System to improve geological information understanding	413
<b>Session 10 Geographical Information Systems and Remote Sensing</b>		
ORAL	<b>A.V.Lyubimova, O.V.Mitrakova</b> GIS applications of integrated geoprocessing for environmental management of mineral resources	414
ORAL	<b>J. Allievi, C. Colesanti, A. Ferretti</b> Spaceborne wide area monitoring of slow mass movements by means of SAR permanent scatterers	416
ORAL	<b>E.N.Cheremissina</b> Integrated analysis of heterogenous geodata in geological and environmental studies	417
ORAL	<b>Mourad El Koundi, Jamel Dhifi, Mohamed Hédi Inoubli</b> A geographic information system designed to digital geologic map, case of Enfidaville map (1:50,000)	419
ORAL	<b>Horna F., Alexowsky W. &amp; Reimann, T.</b> The Arc/Info based seamless geological map of the Free State of Saxony GK50dig.- Present-day situation and prospect	420
ORAL	<b>Katarina Hribenik &amp; Špela Kumelj</b> Geological Information System of Slovenia	422
ORAL	<b>Ian Jackson</b> A high resolution geo-hazard database for all Great Britain - dream or reality?	423
ORAL	<b>Verka Jovanovic</b> Geographical Information Systems as a tools for natural resources assessment	425
ORAL	<b>A. Kamelger, T. Nagler, H. Rott</b> Application of DInSAR-methods in alpine areas for the detection and monitoring of mass-movements	426
ORAL	<b>Tapio Vääränen &amp; Jyrki Kokkonen</b> Geokartta Internet Map Service - a new strategy of delivering maps on internet by Geological Survey of Finland	428
ORAL	<b>A. Meloni and M. Marchetti</b> Environmental geophysical applications of magnetometry in Italy	430
ORAL	<b>Marturià Jordi, Moner Ivan, Roca Antoni</b> PARAMOUNT Project: an information and navigation system for mountaineers	431
ORAL	<b>Jacopo Pasotti</b> GIS-based engineering geological map prototype for Land Planning	434
ORAL	<b>Schaller Joerg</b> GIS applications of geoscientific databases for regional sustainable resource management and planning	437
ORAL	<b>Sayed S. Talab and Ahmed I. Kamel</b> Information System for the U-Bearing Granitic Rocks in Egypt (ISUBGR) and its use as a Tool for their data analysis	438

ORAL	<b>M. Vairinho, L.Quental, G. Brito, T. Tavares, A. J. Sousa, V. Oliveira, M.M.Abreu</b> Image characterisation and interpretation of remote sensing Landsat 7 etm data, in Aljustrel - S.Domingos area, Iberian Pyrite Belt, Portugal: classic classifications versus spectrometer image analysis tools	439	POSTER	<b>Cecili Alessandro &amp; De Filippis Luigi</b> GIS analysis in landscape planning: the case of "Tivoli Plain" (Latium, Central Italy)	472
ORAL	<b>Roger Carig Bofill, Sebastià Semene Guitart</b> The SIGMA Project an integrated on-line GIS System for environmental information and management	441	POSTER	<b>G. Burchietti, V. Cima, R. Maseroli, L. Surace</b> Geocoding of geological information for GIS implementation: the problem of global and local datums and its solution	474
ORAL	<b>H.A.Akbarov, A.N.Sultanhodzhaev</b> Technique of creation of computer base of the geological cartographical information	443	POSTER	<b>Del Grande C., Bertoni A., Drapelli O., Elmi C., Cantelli A., Errante A. and Gabbianelli G.</b> Geotechnical stratigraphic G.I.S. mapping and analysis applied to the Ravenna Territory (Italy)	476
ORAL	<b>Alberto Carrara, Giovanni Crosta, Paolo Frattini</b> A multivariate model for predicting debris-flow source in Valsassina (Central Alps)	444	POSTER	<b>Ciro Gardi, Angela de Santis, Armando Cavazzini</b> Landcovers classification using hyperspectral sensor MIVIS (Multispectral Infrared and Visible Imaging Spectrometer)	478
ORAL	<b>Franz Daffner, Jürgen Detjens, Dominik Ernst, Thomas Gülden, Julia Jost, Monika Knauff, Beate Kreuzer, Katja Müller-Koch, Ekkehard Petri, Joseph Schinhärl, Christian Strobl</b> An interdisciplinary Geoscientific Information System combining point and spatial data - experiences at the bavarian Geological Survey	447	POSTER	<b>E. Geiss</b> Visualization of regional geophysical maps - new life for old data	479
ORAL	<b>Mauro De Donatis, Francesco Boraccini, Chiara D'Ambrogi, Marco Pantaloni</b> The national geological cartography of Italy in three dimensions: Sheet 280 - Fossombrone Italy	450	POSTER	<b>Fabio Giannetti, Mauro Piazzì</b> Use of remote sensing data in the Soil map of Piemonte Region at 1:250,000 scale	482
ORAL	<b>Vincenzo Nicoletti, Sonia Silvestri, Federica Rizzetto, Luigi Tosi, Mario Putti, Pietro Teatini</b> Contribute of remote sensing, ground radiometry and in situ investigations to recognize outcropping peat soil	453	POSTER	<b>Alexander Glukhov, Andrey Antsiferov, Mikhail Tirkel, Vadim Antsiferov</b> Ukrnimi Developments in the field of GIS for solving geophysical problems in mining	484
ORAL	<b>Laurent Barchy</b> The new digitized geological map of Wallonia and its applications	456	POSTER	<b>Moner I., Marturià J., González J.C., García C., Martí G., Oller P., Martínez P., Roca A.</b> Development of a GIS supported tool for the cartographic representation of the avalanche hazard bulletin	486
POSTER	<b>Kristine Asch</b> Applications for the Pan-European geological GIS of the IGME 5000: identification of areas across europe potentially at risk from geohazards	459	POSTER	<b>G.S. Gusev, V.A. Kilipko, I.N. Mezhelevsky, N.V. Mezhelevsky</b> GIS "Tectonics and metallogeny of Russia": principles of geodatabase compilation	489
POSTER	<b>M. Barbieri, P. Canuti, N. Casagli, F. Coren, A. Corsini, P. Farina, D. Leva, M. Pellegrini, P. Sterzai, D. Tarchi</b> Spaceborne and ground-based sar interferometry for landslide monitoring in the Emilia-Romagna Region	460	POSTER	<b>Vladimir V. Kozoderov</b> Interactions between the atmosphere, land surface and ocean: contribution from remote earth sciences techniques	491
POSTER	<b>Sergio Bellagamba, Mariano Ciucci, Alessandra Marino, Carla Simeoni</b> Environmental liability for major hazard facilities: GIS application	461	POSTER	<b>O. Marinoni</b> Modelling geographical distributions of geological layers with a coupled ordinary-indicator kriging technique	494
POSTER	<b>Gianfranca Bellardone, Lidia Giacomelli, Rocco Pispico</b> Procedures and GIS for geomorphologic survey after extreme metereological events: the experience of Regione Piemonte	462	POSTER	<b>Miccadei Enrico &amp; Paron Paolo</b> Geomorphological analysis, trough GIS based applications, of the Tasso Creek Valley. (Parco Nazionale D'Abruzzo, Lazio e Molise, Central Italy)	496
POSTER	<b>Giovanni Bianucci, Walter Landini, Mario Masoni, Giovanni Testa</b> Paleontological sites using GIS and an informatised database: an application in the Province of Pisa (Italy)	464	POSTER	<b>Rocchini D., Mudicante D., Mion D.</b> How to detect the input resolution from derived maps?	498
POSTER	<b>Stefano Bondanelli, Rossella Ruzza</b> "On-line" G.I.S. for the Province of Ferrara	466	POSTER	<b>Sergio Lo Curzio, Maurizio Pignone &amp; Filippo Russo</b> A Geographical Information System (GIS) for geological and environmental planning of the Province of Benevento (Southern Italy): an example to approach	500
POSTER	<b>Bydtaeva N.G.</b> Experience of forming the geological - information control system for managing the natural quartz mineral resources	468	POSTER	<b>Ardizzone F., Sironi P. &amp; Sterlacchini S.</b> GIS data processing and cartographic representation of the new geological map of Italy: the CNR approach	504
POSTER	<b>Campo V., Salvatore M.C. &amp; Saroli M.</b> Landslides analysis from remote sensing and GIS: an example from Molise Region, Central Italy	469	POSTER	<b>K. Stafeev, T. Yanbukhtin, V. Aliskerov</b> Using GIS and DBMS to estimate priority of deposit development using economic and ecological indices	507
POSTER	<b>A. Caporali, M. Rocca</b> First experiences on broadcast RTCM GPS corrections over Internet	470	POSTER	<b>V. Strumberger, A. Strumberger, M. Rabrenovic</b> GIS of the Geological map of Serbia, scale 1:100,000	510
			POSTER	<b>Jurgis Valiunas, Ingrida Bagdanaviciute</b> Environmental geology GIS of Lithuania in scale 1:200,000	513

POSTER	<b>G. Belvederi, M.L. Garberi, P.L. Fantozzi &amp; B. Graziosi</b> Application of geodatabase model to the landslide cartography	515	ORAL	<b>Carmine Guarino and Francesco Napolitano</b> The planning of the Samnite Basin Ecologic Network of the Calore River using GIS through the selective criterion of the site Suitability	547
POSTER	<b>G. Jordan, G. Csillag</b> A GIS framework for morphotectonic analysis - a case study	516	ORAL / POSTER	<b>Bouezmarni Mohamed, Habilis Frédéric, Nogarède Pierre, Ruthy Ingrid</b> GIS and hydrogeological mapping of the Walloon Region (Belgium)	550
POSTER	<b>Vigliotti M., Angelino A., Ruberti D. and Vallifluoco A.</b> The use of GIS for urban subsoil modeling	520	ORAL	<b>Hiromasa Hiura, Takeji Nishimura and Hiroyuki Maeda</b> Effects of forest treatment on the runoff, water quality and sediment yield in a small mountainous watershed	552
POSTER	<b>Francesco Boraccini, Mauro De Donatis, Giuliano Gallerini, Sara Susini, Andrea Barilotti, Andrea Piccin</b> Application of 3D modelling techniques for geological and environmental analysis	521	ORAL	<b>Jelena Kovacevic, Ana Milanovic</b> Water amount analysis in Skrapez River basin in order of rational solving water-economy problems	553
POSTER	<b>H.A. Akbarov, S.T. Maripova, N.E. Shukurov</b> Application of geoinformation system (GIS) in analysis of geology and mineral resources of Uzbekistan	524	ORAL	<b>Xhume Kumanova, Halil Hallaçi, Nazmie Puca</b> Tirana Aquifer, chemical composition and environmental problems	555
POSTER	<b>G.P. Cavinato, E. Di Luzio, A. Patera, M. Saroli, S. Storoni, G. Cosentino, Cavarretta G.</b> The Passo della Morte landslide (Ampezzo, Italy, Eastern Alps): reconstructing a complex geological frame using a GIS software	525	ORAL	<b>Menichetti S., Menchetti P., Nolledi G.</b> A mathematical flow model of the Lucca Basin (Tuscany, Italy) groundwater flow system evaluating effects of water consumption reduction through application of BREF on pulp and paper industry	556
POSTER	<b>Sergei Semiletkin</b> Geo-information system "Regional Knowledge of Russia"	526	ORAL / POSTER	<b>Bouezmarni Mohamed, Habilis Frédéric, Nogarède Pierre, Ruthy Ingrid</b> Coupling GIS with Database for Hydrogeological Mapping	559
POSTER	<b>El Sayed Ahmed El Gammal</b> Geomorphological impact of the alluvial fans on the development in Red Sea coastal strip, Egypt using Landsat images	527	ORAL	<b>Alessandro Gargini, Luca Martelli, Leonardo Piccinini, Raffaele Pignone, Silvia Rosselli</b> Evaluation and mapping of groundwater resources allocation key factors in Northern Apennines turbidites: the pilot study of Montone watershed (Forlì-Cesena).	562
POSTER	<b>Laszlo Gyalog, Gabor Turczi, Ferenc Sikhegyi, Tamas Budai, Miklos Kaiser, Rita Barczikay-Szeiler, Vera Maigut</b> The 1:100.000 GIS - based geological map database of Hungary	528	ORAL	<b>Semere Solomon, Friedrich Quiel</b> Remote Sensing and GIS for assessment of groundwater resources in Eritrea. Effects of data quality	565
POSTER	<b>F. D. Vescovi, V. Marletto, G. Montanari</b> Detection from space of the mucilage phenomenon in the adriatic sea using modis daily data	530	ORAL	<b>Paolo Severi, Marina Guermandi and Nicola Laruccia</b> The New Vulnerability Map of the Emilia-Romagna Region: the methodology	567
POSTER	<b>Franco Zinoni, Tomaso Tonelli, Vittorio Marletto</b> The role of soil water modelling in the regional water protection plan of Emilia-Romagna	531	ORAL	<b>Baldini E., Bianchi L., Cortopassi P., Giannoni M., Leonardi M., Menichetti S., Milano P.F., Ricci A., Tessitore S., Viti M.L.</b> 2000/60 EC directives as Italian Dlgs 152/99 quantity and quality monitoring of meaningful coastal groundwater bodies of North Tuscany Basin.	569
POSTER	<b>F. Zinoni, V. Marletto, L. Botarelli</b> La cartografia tematica e l'uso del telerilevamento nella partecipazione di ARPA-SMR ai Progetti INTERREG III Area Medoc	532	ORAL	Characterization of resource by GIS supported databases of stratigraphic data	
POSTER	<b>Marleen De Ceukelaire, Ilse Vergauwen, Hilde Raes, Paul De Schrijver, Marleen Van Damme</b> The Website HTTP:// dov.vlaanderen.be : a view to the Subsoil of Flanders.	533	ORAL	<b>C. Vassena, M. Giudici, G. Ponzini, U. Cibin, P. Severi</b> A Groundwater flow model for the Reno alluvial basin, Bologna (Italy)	571
<b>Session 11 Integrated Water Management at Basin Scale</b>					
ORAL	<b>Raffaele Bruno, Libera Esposito, Mario Valletta, Paolo Traversa</b> Benevento's alluvial plain's aquifer's vulnerability by pollution according to informatics procedures (G.I.S.)	535	ORAL	<b>L. Vezzoli and D. Fanetti</b> Geological and environmental evolution of Alpine-type lake: the Lake Como (Italy) case study	573
ORAL	<b>D. Biondi, G. Mendicino &amp; P. Versace</b> A GIS-based tool for real-time data acquisition and hydrological simulation	540	ORAL	<b>Patrick J. O'Connor, Koenraad M. Verbruggen</b> The use of geoscientific information by planning authorities to manage water and mineral resources in Ireland	575
ORAL	<b>Giuseppe Bortone, Emanuele Cimatti, Tiziano Draghetti</b> Integrated water management at basin scale in Emilia-Romagna	543	ORAL	<b>Pilla G., Ciancetti G., Dolza G., Poloni A. &amp; Sacchi E.</b> Hydrological and geochemical mapping of groundwater from the eastern Orobie between the Seriana and Camonica Valleys (Southern Alps - Italy)	577
ORAL	<b>De Renzo Gabriella, Nervo Barbara Mirit</b> Experience of an integrated elaboration of databases aimed at identifying priorities of hydrogeological risk as a support for territorial planning and resource management in the Provincia di Torino	545	ORAL	<b>Calabrese Lorenzo e Fabio Molinari</b> High resolution physical stratigraphy of middle to late Pleistocene successions on the Southeastern sector of the Po Valley. Examples of application to practical problems	579
				<b>Larisa Jovanović, Dušan Stojadinović</b> Environmental assessment of ground waters quality	584

POSTER	<b>Andjelka Belic, Tamara Popovic, Biljana Beslin</b> Need for an integrated water resources management in Vojvodina Province	585
POSTER	<b>Massimo Civita, Alessandro Gargini, Giovanni Pranzini</b> Aquifer pollution risk map of Middle Valdarno (Florence - Prato - Pistoia Plain)	586
POSTER	<b>Gabriele Giorgi, Alberto Pistocchi</b> Flood risk cartography in alluvial plains	587
POSTER	<b>Bouezmarni Mohamed, Habilis Frédéric, Nogarède Pierre, Ruthy Ingrid</b> GIS and hydrogeological mapping of the Walloon Region (Belgium) post	550
POSTER	<b>Barbara Nisi, Orlando Vaselli, Antonella Buccianti, Franco Tassi, Angelo Minissale</b> The Arno River waters: a new statistical approach	589
POSTER	<b>Piero Barazzuoli, Benedetta Mocenni, Monica Nocchi, Roberto Rigati, Massimo Salleolini</b> Groundwater modelling of the River Albegna coastal plain (Southern Tuscan, Italy): preliminary results	591
POSTER	<b>Bouezmarni Mohamed, Habilis Frédéric, Nogarède Pierre, Ruthy Ingrid</b> Coupling GIS with database for hydrogeological mapping post	559
POSTER	<b>Giovanni Pranzini, Giuseppe De Rosa</b> The Florence groundwater and its historical variations	593
POSTER	<b>Dimitra Rapti Caputo</b> Influence of paleo-channel on the groundwater contamination: Ferrara plain, Italy	596
POSTER	<b>Dimitra Rapti Caputo and Giovanni Martinelli</b> Geochemical and isotopic composition of the groundwater resources of the River Po Delta (Northern Italy): implications for the environmental impact	597
POSTER	<b>Dimitra Rapti Caputo, Francesco Sdao and Salvatore Masi</b> Solid waste landfills in different geological conditions: application of an integrated method for the estimate of the hydrogeological risk	598
POSTER	<b>Sala S., Verro R., Finizio A., Vighi M.</b> Site-specific GIS-based system for surface water risk assessment of agricultural chemical	600
POSTER	<b>Dragica Stojiljkovic, Kosana Suvocarev</b> Sun activity and periodicity analysis of mean annual water table level	603
POSTER	<b>F. Bonsignore, A. Chahoud, D. Cristofori, M. Farina, G. Martinelli, B. Villani</b> Subsidence and groundwater in Emilia-Romagna Region: a comparison between subsidence rate and piezometric levels	604
POSTER	<b>G. Martinelli, A. Fava, A. Chahoud</b> Isotopic survey in groundwaters of Emilia-Romagna Region	606
POSTER	<b>Mohamed Hafedh Hamza, Ayed Added, Saâdi Abdeljaoued</b> Assessment of the vulnerability to pollution potential of the coastal aquifer of the plain of Metline-Ras Jebel-Raf Raf (Northeast of Tunisia), through GIS modelling using DRASTIC	608
POSTER	<b>Enrico Bartoletti, Alessandro Bini, Claudio Rucci</b> An aquifer at sea: the Island of Pianosa	609
POSTER	<b>Dario Fontan, Ilaria Stringa</b> Alluvial fan hazard: evaluation and zonation	614
POSTER	<b>Gian Pietro Mazzetti, Nasser Abu Zeid, Stefano Gilli</b> Enza T. alluvial cone model through geoelectric prospections	615
POSTER	<b>Shershnevov Oleg V.</b> Fresh water resources quality at Dniepr river basin (within the southeastern of Belarus)	618

## Session 12 Regional Geochemical Mapping

ORAL	<b>A. Amorosi, M.C. Centineo, E. Dinelli, F. Lucchini &amp; I. Sammartino</b> Geologically - oriented geochemical maps: a case study from the Po Plain, Italy	621
ORAL	<b>Bogatyrev I., Chekushin V., Fedotova E., Tenhola M., Salminen R.</b> Barentsbase - a complex computer database including digital basemaps and geochemical data of Barents Ecgeochemistry project	622
ORAL	<b>Cicchella D., De Vivo B., Lima A.</b> Soil geochemical mapping of metropolitan and provincial territory of Napoli, Italy	624
ORAL	<b>A.A. Golovin, V.A. Kilipko, L.A. Krinochkin, N.Ya. Trefilova</b> Multi-scale and multi-purpose geochemical mapping as a basis for sustainable development of territories	627
ORAL	<b>Lima A., De Vivo B., Cicchella D., Albanese S., Fedele L.</b> Application of multifractal IDW interpolation and S-A method to determine Pb and U natural background and anomaly values in streams sediments of Campania (Italy)	629
ORAL	<b>M. Spadoni, A. Patera, M. Voltaggio, G. Cavarretta</b> Geochemical mapping of the Mignone River Basin (Latium, Italy): a pilot project for testing data processing and mapping techniques	632
ORAL	<b>Salminen R.</b> Geochemical Atlas of Europe - do the new maps reveal risky areas	635
ORAL	<b>Tenhola M., Salminen R., Chekushin V., Bogatyrev I. and Tomilina O.</b> Geogenic and anthropogenic origin of sulphur and sulphate concentrations in stream water, organic soil and terrestrial moss in NW-Russia and Finland	637
POSTER	<b>De Vivo B., Lima A., Boni M., Albanese S., Cicchella, D. Iachetta A., Malanga F., Somma R. and Tarzia M., Frizzo P., Raccagni L., Sabatini G., Baroni F., Di Lella L.A., Protano G., Riccobono F.</b> FOREGS geochemical baseline mapping programme: italian territory	639
POSTER	<b>Evgenia G. Bardeeva, Anna A. Bochneva</b> Methods of data reducing for regional mineralogical mapping	641
POSTER	<b>De Vivo B., Boni M., Lima A., Marcello A., Pretti S., Costabile S., Gasparrini M., Iachetta A., Tarzia M.</b> Environmental geochemical mapping of the Cagliari sheet (1:250,000), Southern Sardinia, Italy	642
POSTER	<b>Ciro Gardi, Maria Chiara Cavallo, Nicola dall'Olio, Claudio Mucchino</b> Evaluation of soil nickel concentration and its spatial variability in a small area of Po valley (Italy)	644
POSTER	<b>De Vivo B., Lima A., Albanese S. and Cicchella D.</b> Campania Region (Italy): stream sediments database and geochemical Atlas	645
POSTER	<b>Ferreira A., Batista M. J., Martins L., Serrano Pinto M.</b> Regional and FOREGS portuguese baseline mapping	648
POSTER	<b>M.G. Manca, C. Matzuzzi, F. Muscas, P. Valera</b> Example of geochemical environmental cartography: sheet IGMI 546-Guspini in scale 1:50,000	651
POSTER	<b>Salminen R., Bogatyrev I., Chekushin V., Tomilina O., Tenhola M.</b> Barents Ecgeochemistry project - a large geochemical baseline study in NE Europe	653

POSTER	<b>Salminen R., Batista M.J., Bidovec M., Demetriadis A., De Vivo B., De Vos W., Duris M., Gilucis A., Gregoriuskiene V., Halamic J., Heitzmann P., Jordan G., Klaver G., Klein P., Lis J., Locutura J., Marsina K., Mazreku A., O'Connor P.J., Olsson S.Å., Ottesen R.-T., Petersell V., Plant J.A., Reeder S., Salpeteur I., Sandström H., Siewers U., Steenfelt A., Tarvainen T.</b> FOREGS geochemical baseline mapping programme - a new european wide database and geochemical Atlas	655	POSTER	<b>Jasmina Djordjevic, Miodrag Banješevic</b> Structural changes as consequence of the development of the mining, energy - producing, and industrial system in Kolubara, Serbia	692
POSTER	<b>Sciuto P.F.</b> An extention of the application of the concept of local equilibrium, a tool for geochemical mapping	657	POSTER	<b>O.I. Larikova, O.V. Mitrakova</b> Estimation of ecological implication of the minerals development using GIS-technologies	694
POSTER	<b>Franca Frascari, Marco Marcaccio, Federico Spagnoli</b> Biogeochemical cartography of the sea bottom: interdisciplinary approach for a sustainable management of the continental shelf with an example in the Northern Adriatic Sea	660	POSTER	<b>Dušan Marc</b> Basis for the use of waste for surface reclamation in the Republic of Slovenia	695
POSTER	<b>György Don</b> Mapping the Permian-Triassic (P/Tr) boundary in Hungary	662	POSTER	<b>A. Obrenovic, A. Strumberger, D. Blagojevic</b> GIS for the mineral resources of Serbia	696
POSTER	<b>Nassisi A., Baffi C.</b> Background Levels of trace elements in the Soils of Piacenza (Italy): geostatistical applications and treatment of data sources by GIS	663	POSTER	<b>Antal Pentelényi and Péter Scharek</b> Environmental map of Vas County, West Hungary	697
<b>Session 13 Environmental Assessment of Mining and Mining Waste - Spatial Planning and Land Management Perspective</b>					
ORAL	<b>Batista M.J., Sousa A.J., Abreu M.M., Serrano Pinto M.</b> Definition of anthropogenic and natural anomalies: an exercise in Neves Corvo mining Region, in Portugal	665	POSTER	<b>L.Quental, A.Bourguignon, F.Cottard, M.G.Brito, M.M.Abreu, A.J.Sousa, M.Vairinho</b> Use of airborne hyperspectral Imagery for contamination mapping at Sao Domingos Mine, Iberian Pyrite Belt, Southeast Portugal	698
ORAL	<b>Stéphane Chevrel</b> Remote-sensing assessment and monitoring of environmental impact of mining activities in various european vegetated envirnments from airborne hyperspectral imagery - example from yhe european RTD MINEO project	667	POSTER	<b>Tchepkaia N., Tarasenko I., Elisaphenko T.</b> Hydrochemistry of coalwater in Primorsky Region	700
ORAL	<b>Daniel Limpitlaw</b> Mapping mining waste and environmental impacts in Zambia with Landsat	669	POSTER	<b>Branka Tasic</b> The planning of settlements in the mining zones: the case study of Kolubara Lignite Basin in the Republic of Serbia	703
ORAL	<b>Klemens Grösel, Reinhard Belocky</b> Mining site environmental assessment and re-vegetation planning utilizing advanced remote sensing techniques	672	POSTER	<b>Wanty R.B., Tuttle M.L., Berger B.R., Bove D. and Eppinger R.G.</b> Environmental behavior of several unmined Porphyry molybdenum and copper deposits in the Weastern USA	705
ORAL	<b>Wanty R.B., Berger B.R., Kimball B.A., Verplanck P.L. and Tuttle M.L.</b> Delineation of environmental tracts in mineralized areas using geologic criteria	674	POSTER	<b>Klemens Grösel, Reinhard Belocky</b> Remediation assessment and monitoring. Re-vegetation model	708
ORAL	<b>Tsehaiie Woldai &amp; Gift Rukezo</b> Environmetnal impact study of the area aournd Rio Tinto and the surrounding mines, SW Spain	677	POSTER	<b>Erika Bodnár</b> Environmental inventory of the active and abandoned gravel mine sites in the vicinity of Budapest (Hungary)	710
ORAL	<b>Slavko V. Solar</b> Long-Term spatial planning and Mineral resource Management- case study: aggregates in Slovenia	680	POSTER	<b>Thomas Kemper and Stefan Sommer</b> Use of field and airborne hyperspectral data to assess residual heavy metal contamination and acidification risk in the Guadiamar floodplain (Andalusia, Spain) after the Aznacollar mining accident	712
ORAL	<b>Veliciu S., Stratulat P.</b> Inventory of metal mining wastes in Romania: a methodological approach	683	POSTER	<b>Jordan G., Rukezo G., Fügedi U., Carranza E. J. M., Somody A., Vekerdy Z., Szabényi G. and Lois L.</b> Environmetal impact of metal mining on cathcment drainage in the historic mining area of Recsk-Lahoca mines, Hungary	713
ORAL	<b>S. Sommer, G. Bidoglio, M. D'Alessandro, G. Jordan, E. Puura, A. Vijdea</b> Linking regional scale inventory and watershed analysis to the impact assessment of mining activities. The pecomines concept	685	POSTER	<b>Romano M., Boni M., De Vivo B., Albanese S.and Cicchella D.</b> Geochemical fingerprinting of the SA Masa SWAMP (SW Sardinia): metal pollution related to long-lasting mining activity	716
ORAL	<b>Hámör, T., Halmai, J.</b> Competing land-uses and the mineral extractive industries: a legislation review	688	POSTER	<b>A.-M. Vijdea &amp; S. Sommer</b> Multi-temporal analysis of RS Data for mining waste inventory and impact assessment in the PECOMINES project	719
POSTER	<b>Stéphane Chevrel, Claire Courant, Francis Cottard and Henk Coetze</b> Very high resolution remote sensing and GIS modelling in a multiscale approach of a mining -related environmental risk analysis in Urbanised areas - example of the Witwatersrand Goldfield, East Rand, South Africa	690
