Mediterranean Quaternary River Environments

Edited by

JOHN LEWIN

Institute of Earth Studies, UCW Aberystwyth, Aberystwyth, Dyfed, UK

MARK G. MACKLIN

School of Geography, University of Leeds, Leeds, UK

JAMIE C. WOODWARD

Department of Environmental and Geographical Sciences, Manchester Metropolitan University, Manchester, UK

Contents

Preface		VII
1. Quaternary fluvial systems in the Mediterranean basin		1
<i>Mark G. Macklin, John Lewin & Jamie C. Woodward</i>		
PART 1: THE IMPACT OF QUATERNARY TECTONIC ACTIVITY ON RIVER BEHAVIOUR		
2. The impact of Quaternary tectonic activity on river behaviour		29
<i>John Lewin</i>		
3. Quaternary drainage development, sediment fluxes and extensional tectonics in Greece		31
<i>R.E.L. Collier, M.R. Leeder & J.A. Jackson</i>		
4. River response to Quaternary tectonics with examples from northwestern Anatolia, Turkey		45
<i>Catherine Kuzucuoglu</i>		
5. The influence of Quaternary tectonics on river capture and drainage patterns in the Huércal-Overa basin, southeastern Spain		55
<i>E. Wenzens & G. Wenzens</i>		
6. Controls on drainage evolution in the Sorbas basin, southeast Spain		65
<i>A.E. Mather & A.M. Harvey</i>		
7. Tectonics versus climate: An example from late Quaternary aggradational and dissectional sequences of the Mula basin, southeast Spain		77
<i>A.E. Mather, P.G. Silva, J.L. Goy, A.M. Harvey & C. Zazo</i>		
8. Late Quaternary controls on river behaviour in the eastern part of the Argive plain, eastern Peloponnese, Greece		89
<i>K. Gaki-Papanastassiou & H. Maroukian</i>		
PART 2: ARCHAEOLOGY AND HUMAN-RIVER ENVIRONMENT INTERACTIONS		
9. Archaeology and human-river environment interactions		99
<i>Jamie C. Woodward</i>		
10. Pleistocene environmental change in the Guadalupe basin, northeast Spain: Fluvial and archaeological records		103
<i>Mark G. Macklin & David G. Passmore</i>		
11. Glaciation, river behaviour and Palaeolithic settlement in upland northwest Greece		115
<i>Jamie C. Woodward, John Lewin & Mark G. Macklin</i>		
12. Early Neolithic farming in a Thessalian river landscape, Greece		131
<i>Tjeerd H. van Andel, K. Gallis & G. Toufexis</i>		

13. Quaternary valley floor erosion and alluviation in the Biferno Valley, Molise, Italy: The role of tectonics, climate, sea level change, and human activity 145
G.W. Barker & C.O. Hunt
14. Holocene sedimentary sequences in the Arc River delta and the Etang de Berre in Provence, southern France 159
M. Provansal
15. Human activity, landscape change and valley alluviation in the Feccia Valley, Tuscany, Italy 167
C.O. Hunt & D.D. Gilbertson

PART 3: GEOCHRONOLOGY, CORRELATION AND CONTROLS OF QUATERNARY RIVER EROSION AND SEDIMENTATION

16. Geochronology, correlation and controls of Quaternary river erosion and sedimentation 179
Mark G. Macklin
17. Alluvial Holocene terraces in eastern Maghreb: Climate and anthropogenic controls 183
Jean-Louis Ballais
18. The Holocene alluvial records of the chora of Metapontum, Basilicata, and Croton, Calabria, Italy 195
James T. Abbott & Salvatore Valastro Jr.
19. Climatic forcing of alluvial fan regimes during the late Quaternary in the Konya basin, south central Turkey 207
Neil Roberts
20. Facies sequences and sedimentation influences in late Quaternary alluvial deposits, southeast Cyprus 219
Rodney L. Stevens & Per O. Wedel
21. Quaternary wadi and floodplain sequences of Tripolitania, northwest Libya: A synthesis of their stratigraphic relationships, and their implications in landscape evolution 231
J.M. Anketell, S.M. Ghellali, D.D. Gilbertson & C.O. Hunt
22. Soils of Quaternary river sediments in the Algarve 245
P.A. James & D.K. Chester
23. Quaternary soil and river terrace sequences in the Aguas/Feos river systems: Sorbas basin, southeast Spain 263
A.M. Harvey, S.Y. Miller & S.G. Wells
24. Mediterranean Quaternary River Environments – some future research needs 283
John Lewin, Mark G. Macklin & Jamie C. Woodward
- Contributors 285
- Subject index 287
