*Zur Diskussion um die  
Zwischenstadt*  
The discourse on cities  
without cities

Urban development projects on a regional scale as a challenge for landscape architects. Page 10

Cover: Stig L. Andersson, A sketch of a plain section. Soil, pigment and ink on cotton. From the project "Principles for Gardens and Landscapes", 1998-2000.

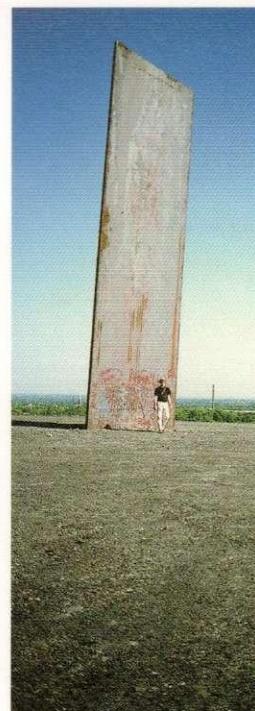

The Llobregat delta, situated on the periphery of Barcelona, is one of the most dynamic industrial zones of Europe. The planning for Parque Agricola is to clarify and re-organise its uses. Page 26

*Von Innen und Außen –  
skandinavische Landschaften*  
From inside and out –  
Scandinavian landscapes

Works of art such as Richard  
Serra's sculpture at Schuren-  
bach tip are regarded as land-  
marks and new symbols of the  
Ruhr District. Page 32

Courtesy of Svensk Filmindustri

Scandinavian landscapes and films display similar minimalism. Page 45
