72 A skywalk passes through a birch grove at Stormwater Park in Qunli, China — one of many ecologically sensitive projects of Turenscape from Beijing.

Turenscape

Brett Boardman

78 A water basin in Paddington Reservoir Park by JMD and TZG references its history as part of Sydney's 19th century hydraulic infrastructure.

22 Chairs allow visitors a view over the East River in New York. In 2013, the East River Waterfront Esplanade by Ken Smith and SHoP will extend three kilometers along Manhattan's southeast edge.

Kelsey Campbell Dollaghan

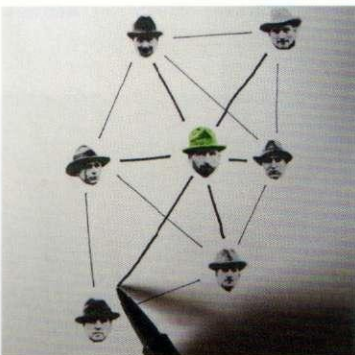

Birgit Kibelka

28 Railroad Park in Birmingham, Alabama, with features such as an amphitheater, inspires hope for an ongoing revitalisation of the city.

Thomas Armonat

38 From the center of Munich to its southern boundary, the Isar river was revitalized. Stone stairs at the water's edge are especially popular.

Antje Stokman

87 Antje Stokman, professor at the University of Stuttgart, received the Topos Landscape Award 2011, honoring her cooperative, team-driven working style.
