

Annex 2: Application template

Progetto Ecosistema dell'innovazione ECS00000043
“Interconnected Nord-Est Innovation Ecosystem (iNEST)”

CUP E63C22001030007

CALL FOR RESEARCH PROJECTS -
intended for Young Researchers

Applicant

Name and Surname	
Qualification	
Contract expiration date	
Date of birth	
Date of PhD	
Any additional period for maternity/paternity or health reasons	
Scientific disciplinary area	

Department	
e-mail	

Project title

Project duration

Research Group Members:

Project description (max 5,000 characters including spaces)

Purpose and objectives of the project (max 2,000 characters including spaces)

Time planning of activities (timeline) and specific intermediate objectives (max 2000 characters including spaces)

Collaborative activities (max 2000 characters including spaces)

(specify what collaborative activities are planned or will be implemented)

Expected final results and impact of the project (max 2000 characters including spaces)**Consistency and impact of the project with cross-cutting activities** (max 1000 characters including spaces)

(Specify whether the project results have an impact on one or more of iNEST's cross-cutting activities: 1. Education from ITS to Lifelong Learning; 2. Creation of a network of joint strategic labs between universities and companies; 3. Citizen engagement initiatives; 4. Support to the generation and the development of start-ups and spin-offs).

Read more about cross-cutting activities at the following site: www.consorzioinest.it (sezione attività).

Business plan

(in the description field, specify the type of good or service you believe it is necessary to purchase and any useful element in order to be able to assess the congruence of the expenditure both in terms of its inherent nature to the project and in terms of the amount requested).

Type	Description	Amount (euro)	Notes
Specific laboratory consumables, data and non-generic licenses, small equipment strictly necessary for the implementation of the project (expenses for stationery, use of internal facilities or storage materials, purchase of PCs or			

generic hardware are not eligible)			
Specialist services or consultancy including services for storage, data analysis or calculation hours, in accordance with current procurement regulations			
Open access publications of the results of the research project that include the PI and/or members of the research team as lead authors;			
Services of organizing scientific events with the express purpose of disseminating research results (no catering or business lunches/dinners)
