1. The Admissions Committee is appointed by the Rector after consultation with the PhD Programme Committee. It is composed of at least three members chosen among Italian and foreign professors and researchers, from the academic fields related to the PhD Programme. The Committee may also include a maximum of two other experts, including non-Italians, from either public or private research institutes.

2. The selection consists of:
   a. an evaluation of the CV, the qualifications and the research project presented;
   b) an interview for the assessment of the research knowledge and the attitude of the candidate to the research in the fields of the research project presented. The selection may be held in Italian or in English language prior authorization by the Admission Committee. In any case, candidates have to demonstrate a good knowledge of English.

3. Candidates who intend to compete also for a topic-specific grant, indicated in the article n.1 of this call, must express their interest in the application on line and will be evaluated on the knowledge of the specific subject matter(s) of that grant.

4. Candidates may also opt for additional topic-specific grants made available after the deadline of this call. In order to be considered for the additional topic-specific grant/s, the candidates must express their intention to the Committee before the oral exam during the identification process. In such case, their knowledge on the specific topic of the scholarships will be evaluated during the interview.

5. The option for a topic-specific grant expressed by a candidate implies the preference of the candidate for the award of that specific scholarship with respect to all others.

6. Candidates who are interested in applying for the topic-specific grant “Experimentation of inclusive educational and teaching methodologies from a viewpoint of comparing Italy and Brazil (cross-cultural research)” have to demonstrate a good knowledge (intermediate level) of spoken and written Portuguese language through appropriate certifications, with the exclusion of mother tongue candidates (see art.4, co.6).

7. The Admissions Committee can assign each candidate a total of 120 points as follows:
   - 60 points for qualifications and research project’ assessment;
   - 60 points for the interview.

   In order to be admitted to the interview candidates must reach a minimum score of 36/60 in the assessment of qualifications and research project. The oral exam is successfully passed with a minimum score of 36/60 points.

Candidates are recommended to frequently check their e-mail starting from September 13th, 2017 in order to be allowed to take a remote interview. Commission will ensure the fulfilment of the conditions necessary to ensure the proper conduct of the test (verification of the identity of the applicant and fairness of the interview).

3. Application for a topic-specific grant implies the candidate’s preference for that specific scholarship with respect to the others. The successful applicant awarded the topic-specific scholarship is therefore required to accept it; renouncing the topic-specific grant results in the candidate losing his/her right to enrol in the PhD Programme.
4. Non-allocation of such scholarships results in a reduction in the number of places available.

The ranked list (using candidates’ application IDs) will be published on the Announcement webpage. Successful candidates will not receive any personal communications, since the ranked list of candidates will be posted on the website.
