

GEOLOGY AND GEOCHEMISTRY OF MANGANESE

Volume III

MANGANESE ON THE BOTTOM OF RECENT BASINS

Edited by

I. M. VARENTSOV

and

GY. GRASSELLY

E. Schweizerbart'sche Verlagsbuchhandlung
(Nägele u. Obermiller), Stuttgart 1980

CONTENTS

Volume III. Manganese on the bottom of Recent basins

<i>Cronan, D. S.</i> : Introduction	7
General aspects	
<i>Wedepohl, K. H.</i> : Potential sources for manganese oxide precipitation in the oceans	13
<i>Nadiradze, V. R.</i> : On a source of metals of iron-manganese concretions in the Earth's Recent basins	23
<i>Lalou, C., Brichet, E. and Bonte, P.</i> : Some new data on the genesis of manganese nodules	31
<i>Varentsov, I. M., Dikov, Yu. P. and Bakova, N. V.</i> : On the study of Fe-Mn ore formation in Recent basins: experiments on the synthesis of Mn, Fe, Ni, Co hydroxide phases on iron hydroxides (γ -FeOOH)	91
Recent basins	
<i>Pacific Ocean</i>	
<i>Andrews, J. E. and Friedrich, G. H. W.</i> : Distribution patterns of manganese nodule deposits in the North-East Equatorial Pacific	107
<i>Glasby, G. P., Meylan, M. A., Margolis, S. V. and Bäcker, H.</i> : Manganese deposits of the Southwestern Pacific Basin	137
<i>Indian Ocean</i>	
<i>Frakes, L. A. and O'Brien, G.</i> : Nickel-rich nodules in the Southeastern Indian Ocean	185
<i>Atlantic Ocean</i>	
<i>Rona, P. A.</i> : Hydrothermal manganese deposits of Mid-Atlantic Ridge Crest (latitude 26° N)	195
<i>Shallow water basins</i>	
<i>Makedonov, A. V.</i> : Regularities of distribution and formation of ferromanganese concretions in Recent basins and soils	211
<i>Winterhalter, B.</i> : Ferromanganese concretions in the Baltic Sea	227

<i>Dean, W. E. and Ghosh, S. K.:</i> Geochemistry of freshwater ferromanganese deposits in North America	255
<i>Microbiological aspects</i>	
<i>Schweisfurth, R., Jung, W. and Gundlach, H.:</i> Manganese-oxidizing microorganisms and their importance for the genesis of manganese ore deposits	279
<i>Crerar, D. A., Fischer, A. G. and Plaza, C. L.:</i> Metallogenium and biogenic deposition of manganese from Precambrian to Recent time	285
<i>Dubinina, G. A.:</i> The role of microorganisms in the formation of the Recent iron-manganese lacustrine ores	305
<i>Mining aspects</i>	
<i>Lenoble, J. P.:</i> Technical problems of ocean mining evaluation	327
Subject index	343
Contents to Volume I	351
Contents to Volume II	353
