

# GEOSTATISTICS

*Proceedings of the Third International Geostatistics Congress,  
September 5-9, 1988, Avignon, France*

**Volume 2**

*Edited by*

**M. ARMSTRONG**

*Centre de Géostatistique,  
Ecole Nationale Supérieure des Mines de Paris,  
Fontainebleau, France*

**KLUWER ACADEMIC PUBLISHERS**

DORDRECHT / BOSTON / LONDON

**VOLUME 2****PETROL I**

- DUBRULE O.**  
A review of stochastic models for petroleum reservoirs..... 493
- REMACRE A.Z., FERREIRA A.A. and SOUZA JR O.G.,**  
Spatial distribution of erratic shales using conditional simulation..... 507
- De FOUQUET C., BEUCHER H., GALLI A. and RAVENNE C.**  
Conditional simulation of random sets. Application to an argillaceous sandstone reservoir..... 517
- IKONOMI A.**  
Détermination de la géométrie d'un gisement monoclinale pétrolier..... 531
- PEREIRA H.G., COSTA e SILVA A., RIBEIRO L. and GUERREIRO L.**  
Estimation of reserves at different phases in the history of an oil field..... 543

**PETROL II**

- LE LOC'H G.**  
An efficient strategy for combining the permeabilities :  
Practical application on a simulated reservoir..... 557
- HASLETT J.**  
Geostatistical neighbourhoods and subset selection..... 569
- REHARD D.**  
Automatic structure recognition..... 579
- BARDOSSY A., BARDOSSY Gy. and BOGARDI I.**  
Application of geological information to kriging..... 591
- LARGLAIS V.**  
On the neighborhood search procedure to be used when kriging with constraints..... 603

HYDROLOGY I

AHMED S. and DE MARSILY G. Co-kriged estimates of transmissivities using jointly water level data.....	615
SCHAFMEISTER-SPIERLING M.Th. and BURGER H. Spatial simulation of hydraulic parameters for fluid flow and transport models .....	629
ROUHANI S. and HALL T.J. Space-time kriging of groundwater data.....	639
RIBEIRO L.T. and MUGE F.H. A geostatistical approach to the modelling of a piezometric field.....	651
IRIS J.M. Effet de la variabilité spatiale de ruissellement sur l'estimation des crues.....	661

HYDROLOGY II

BONANO E.J., DAVIS P.A., BRAS R.L. and KITANIDES P.K. Methodology for estimating groundwater travel times at a nuclear waste repository using a physically based geostatistical approach.....	673
HARPER W.V. and CLARK I. Travel path uncertainty - A case study in conditional simulation.....	685
GUERTIN K. and VILLENEUVE J.P. Estimation and mapping of rank related uniform transforms of ion deposition from acid precipitation.....	699
SMYTH J.D. and ISTOK J.D. Multivariate geostatistical analysis of groundwater contamination by pesticide and nitrate: a case history.....	713
SAMPER CALVETE F.J. and NEUMAN S.P. Geostatistical analysis of groundwater quality data from the Madrid basin using adjoint state maximum likelihood cross-validation.....	725

OTHER APPLICATIONS I

MALLET J.L. Geometric modelling and geostatistics.....	737
DALY C., JEULIN D. and LAJAUNIE C. Application of multivariate kriging to the processing of noisy images.....	749
CREUTIN J.D., ANDRIEU H. and DELRIEU G. Une simplification du cokrigeage appliquée à l'étalonnage d'images de télédétection en hydrométéorologie.....	761
MARBEAU J.H. and MARBEAU J-P.E. Formal computation of integrals for 3-D kriging.....	773
BLANCHIN R., CHILES J.P., and DEVERLY F. Some applications of geostatistics to civil engineering.....	785

SAMPLING

LASLETT G.M. and SANDLAND R.L. Precision and accuracy of kriging estimators with inter-laboratory trial information .....	797
BARNES R.J. Sample design for geologic site characterization .....	809
ROYER J.J. Multivariate geostatistics and the sampling problems .....	823
MUNOZ-PARDO J., BOULIER J.F. and VAUCLIN M. Etude de l'échantillonnage d'un phénomène bidimensionnel par simulation d'une fonction aléatoire .....	837
BOUSA A.J. Geostatistical data analysis: an application to ore typology...	851

MINING I

DOWD P.A. Some observations on confidence intervals and kriging errors...	861
BUXTON B.E. An application of the construction of confidence intervals for global recoverable reserve estimates.....	875

COLEOU T. Cutoff grade optimization: a Panacea or a Fool's Paradise .....	889
GUARASCIO M., PIZZUL C. and BOLOGNA F. Forecasting of selectivity.....	901
RAVENSCROFT P.J. A comparison of selectivity in a number of South African gold mines .....	911
<b><u>MINING II</u></b>	
BORDESSOULE J.L., DEMANGE C. and RIVOIRARD J. Using an orthogonal residual between ore and metal to estimate in-situ uranium resources.....	923
RASPA G., BRUNO R. and KOKKINIOTIS P. An application of disjunctive kriging: using the negative binomial model with different change of support models.....	935
REMACRE A.Z. Uniform conditioning versus indicator kriging .....	947
ALFARO M. Estimation non-classique d'un gisement d'or.....	961
CHAMPIGNY N. and ARMSTRONG M. Estimation of fault-controlled deposits.....	971
<b><u>STAND BY PAPERS</u></b>	
MARCOTTE D. Le krigeage bigaussien, une alternative au krigeage multi- gaussien pour l'estimation des réserves récupérables.....	985
ARMSTRONG M., GILLIES A.D.S., JUST G.D., LYMAN G.D. and WU Y.Y. Review of the applications of geostatistics in the coal industry.....	995
<b><u>ABSTRACTS OF CASE-STUDIES</u></b> .....	1007
DELFINER P. and DELHOMME J.P. A method for reconstructing geological surfaces from dipmeter data.....	1009
DIMITRAKOPOULOUS R. Characterization of petroleum reservoirs using geostatistics.....	1010

HALVORSEN K., BERTEIG V. and OMRE H. Prediction of hydrocarbon pore volume by use of Bayesian conditional simulation.....	1011
HERNANDEZ-GARCIA G. Automatic history matching in oil reservoir simulation: a geostatistical approach.....	1012
D'AGOSTINO V. and DE LUCA P. Geostatistical approach for multitemporal TM images registration.....	1013
OSMANI S. and BEQIRAJ G. Considérations géostatistiques sur les splines plaque mince....	1015
SAMRA J.S., ANLAUF R. and RICHTER J. Analysis of auto and co-spatial variation of tree growth, leaf nutrients and soil sodicity : a case study.....	1016
HERZFELD U.C. Geostatistics in bathymetry.....	1017
KACEWICZ M. On the problem of prediction in orebody modelling.....	1018
DERAISME J. and RENARDET P. Study of an uranium open pit project by means of a simulation on a geostatistical model of deposit.....	1019
NAMYSŁOWSKA-WILCZYŃSKA B. The geostatistical estimation of Cu ore deposits.....	1020
SURAWARDI and SUNHARDI S. Geostatistical study on the Pemali primary tin mining, Bangka, Indonesia.....	1021
VALENTE J.M.G.P., GIRODO A.C., DA COSTA M.D. and CAMPOS A.C.A. Charts of quality control using kriging.....	1022
WEBER V. Experience with the application of geostatistical methods in the hardcoal mining industry of F.R.G.....	1023
MARIJANOVIC P. Les bauxites karstiques yougoslaves et la géostatistique.....	1024
STEFFENS F.E. Design of a raingauge network for a weather modification experiment.....	1025
