

Stratabound Ore Deposits in the Andes

Edited by

L. Fontboté, G. C. Amstutz, M. Cardozo,
E. Cedillo and J. Frutos

With 310 Figures and 1 Map

Springer-Verlag
Berlin Heidelberg New York
London Paris Tokyo
Hong Kong Barcelona

Contents

Part I Introduction

The Andes Cordillera: A Synthesis of the Geologic Evolution J. Frutos	3
Geologic-Metallogenetic Evolution of the Peruvian Andes M. Cardozo and E. Cedillo	37
The Metalliferous Ore Deposits of Chile and Argentina, and Their Geologic Framework J. Oyarzún	61
Stratabound Ore Deposits in the Andes: A Review and a Classification According to Their Geotectonic Setting L. Fontboté	79

Part II Description of Ore Deposits

Pre-Andean Period

Stratabound Sulfide Occurrences in the Paleozoic of the Yauli Dome, Central Peru H. W. Kobe	113
Stratabound Cu-(Ag) Deposits in the Permian Mitu Red-Bed Formations, Central Peru H. W. Kobe	123
Geology of the Cu-(Ag, Bi) Stratabound Deposit Cobriza, Central Peru M. A. Huamán, E. Antúnez de Mayolo and A. M. Rivera .	129
Gold Deposits in Lower Paleozoic Sediments of the Cordillera Real, Bolivia H.-J. Schneider	137
The Stratabound Kellhuani Tin Deposits, Bolivia B. Lehmann	147

El Aguilar Mine: An Ordovician Sediment-Hosted Stratiform Lead-Zinc Deposit in the Central Andes R. J. Sureda and J. L. Martín	161
Oolitic Stratabound Iron Ores in the Silurian of Argentina and Bolivia M.-A. Boso and C. R. Monaldi	175
The "La Helvecia" Pb, Zn, and Barite Deposit, Argentina A. Brodtkorb and M. K. de Brodtkorb	187
The Barite Deposits of Canota, Argentina M. K. de Brodtkorb, I. B. A. Schalamuk, S. Ametrano, R. Fernández and R. Etcheverry	193
Massive Sulfides in the Greenstone Belt of South-Central Chile – An Overview G. Alfaro and S. Collao	199
Banded Iron Formation and Massive Sulfide Orebodies, South-Central Chile: Geologic and Isotopic Aspects S. Collao, G. Alfaro and K. Hayashi	209
Rb-Sr and Sm-Nd Data from Some Massive Sulfide Occurrences in the Metamorphic Basement of South-Central Chile F. Hervé, R. J. Pankhurst, M. Brook, G. Alfaro, J. Frutos, H. Miller, W. Schira and G. C. Amstutz	221
The Pirén Alto Cu-(Zn) Massive Sulfide Occurrence in South-Central Chile – A Kieslager-Type Mineralization in a Paleozoic Ensialic Mature Marginal Basin Setting W. Schira, G. C. Amstutz and L. Fontboté	229
Andean-Cycle	
Triassic-Liassic (Carbonate Platform)	
Stratabound Ore Deposits in the Pucará Basin An Overview L. Fontboté	253
Metallogenic Evolution of the Yauli Dome, Central Peru A Summary H. W. Kobe	267
The Zn-Pb-(Ag) Deposits Huaripampa and Carahuacra in the Mining District of San Cristóbal, Central Peru M. Dalheimer	279
Machcán Mine: A Pb-Zn Ore Deposit in Pucará Sediments of the Atacocha District, Central Peru W. Hirdes	293

Sulfur Isotope Studies in the Zinc-Lead Mine San Vicente, Central Peru H. Gorzawski, L. Fontboté, C. W. Field and R. Tejada	305
Liassic-Lower Cretaceous	
<i>a) Volcanic Sequences at the Magmatic Arc</i>	
Geology of the Buena Esperanza Copper-Silver Deposit, Northern Chile C. M. Palacios	313
The Susana Copper(-Silver) Deposit in Northern Chile. Hydrothermal Mineralization Associated with a Jurassic Volcanic Arc F. Wolf, L. Fontboté and G. C. Amstutz	319
<i>b) Volcaniclastic Sequences in Intra-Arc Basins</i>	
The Conglomerate-Hosted Copper Deposits at Caleta Coloso, Chile S. Flint and P. Turner	339
The Atacama-Coquimbo Ferriferous Belt, Northern Chile S. Espinoza	353
La Negra-Coquimbana Manganiferous District, Southern Atacama Desert, Chile M. Pincheira and L. Fontboté	365
<i>c) Volcano-Sedimentary Sequences in Back-Arc Basins (in Part Marginal Basins)</i>	
Massive Sulfides in Colombia F. Ortíz B.	379
The Cu-Zn-Au-Ag Deposit of La Plata (Toachi), Ecuador R. W. Lehne	389
The Copara Metallotect in Central Peru: Geologic Evolution and Ore Formation M. Cardozo	395
Palma: A Nonmetamorphic Stratabound Massive Zn-Ba Occurrence in the Eastern Casma Group of Central Peru K. Steinmüller and A. Wauschkuhn	413
The Agustina Mine, a Volcanic-Hosted Copper Deposit in Northern Chile S. Hopf	421

El Soldado, a Stratabound Copper Deposit Associated with Alkaline Volcanism in the Central Chilean Coastal Range E. Klohn, C. Holmgren and H. Ruge	435
Geological Characteristics of Stratabound Deposits Associated with Lacustrine Sediments, Central Chile F. Camus	449
The Cerro Negro Mine, Chile: Manto-Type Copper Mineralization in a Volcaniclastic Environment S. Elgueta, A. Hodgkin, E. Rodríguez and A. Schneider ..	463
The Toqui Zinc-Lead-Copper-Silver Deposits, Aysén Province, Chile F. W. Wellmer and E. J. Reeve	473
The Mining District of the General Carrera Lake and the Rosillo Manto Deposit, Aysén Province, Southern Chile A. Schneider and R. Toloza	485
<i>d) Marine Sedimentary Sequences in Back-Arc Basins</i>	
Geologic Evolution of the Atacama Basin During the Lower Cretaceous M. E. Cisternas and L. L. Díaz	495
The Bandurrias Iron Ore Deposit, Atacama Region, Northern Chile M. E. Cisternas	505
The Bellavista Zn-Ag Mine, Copiapó Region, Chile L. L. Díaz	513
The Mamiña Barite Mine, Atacama Region, Chile L. L. Díaz	523
<i>e) Platform Sediments Attached to the Foreland</i>	
Stratabound Lead-Zinc Deposits in the Jurassic Chaucha Formation, Central Peru E. Cedillo	537
Stratabound Polymetallic Ore Deposits of the Santa Metallotect in the Huanzalá and Pachapaqui Mining Areas in Central Peru R. Carrascal and J. Sáez	555
Stratabound Ore Deposits of Hualgayoc, Cajamarca, Peru S. Canchaya	569
Geology of Iscaycruz Ore Deposits in the Santa Formation, Central Peru G. Flores	583

Vanadiferous Occurrences in the Pariatambo Formation and at Sincos, Central Peru C. Cánepa	595
The Barite and Celestite Metallotects of the Neuquén Retroarc Basin, Central Argentina V. A. Ramos and M. K. de Brodtkorb	599
Upper Cretaceous-Recent	
The Polymetallic Ore Deposit of Colquijirca, Central Peru R. W. Lehne	615
The Sediment-Hosted, Stratabound Copper Deposits of San Bartolo, Northern Chile S. Flint	621
The Stratiform Ag-Cu Deposit El Jardín, Northern Chile C. K. Mayer and L. Fontboté	637
The Stratabound Tuff-Hosted Elisa de Bordos Silver-Mercury Deposit, Northern Chile M. Jurgait and L. Fontboté	647
Origin of the Copper Ores at Corocoro, Bolivia W. Avila-Salinas	659
Stratabound Uranium Deposits in the Argentinian Andes R. E. Ferreyra and L. E. Lardone	671
The El Laco Magnetite Lava Flow Deposits, Northern Chile: An Up-To-Date Review and New Data J. Frutos, J. Oyarzún, Y. Shiga and G. Alfaro	681
Volcanic Sulfur Deposits in the Andes of Northern Chile F. Ferraris and T. Vila	691
Salar Deposits in Northern Chile T. Vila	703
Borate Deposits in the Andes R. N. Alonso and J. G. Viramonte	721
Part III General Geochemical Topics	
Minor and Trace Elements in the Polymetallic Stratabound Ore Deposits of the Central Peruvian Andes P. Soler and M. A. Lara	735
Lead Isotopes in the Chilean Ores A. Puig	749

Metal Sources in Stratabound Ore Deposits in the Andes
(Andean Cycle) – Lead Isotopic Constraints
L. Fontboté, K.A. Gunnesch and A. Baumann 759

Appendix

Main Characteristics of Representative Andean Stratabound
Ore Deposits and General Index of Districts, Mines, and
Occurrences (Printed Lists of a Data Base)
L. Fontboté 777

Subject Index 807

Map of Stratabound Ore Deposits of the Andes

J. Frutos, L. Fontboté and G.C. Amstutz
