

Grazia Giacobelli

Sociologist

Work experience

- November 2020 - present **Ph.D. candidate EURAC Research (INSTITUTE FOR RENEWABLE ENERGY), Bozen, Italy.**
Collaboration in different European projects as STARDUST, EnerMaps, SINFONIA, justNATURE, SHELTER. I am involved in different activities related with the aims of the projects. For example: Stakeholders analysis; Stakeholder mapping; Social Network Analysis; Improving participation in the project with Workshop; Interviews face to face; Evaluation of the participatory approach in the context of reference and research for a potential more efficient development.
- September 2020 - **Co.Co.Co EURAC Research (INSTITUTE FOR RENEWABLE ENERGY), Bozen, Italy.**
Collaboration in SHELTER project.
- October 2020 **Internship EURAC Research (INSTITUTE FOR RENEWABLE ENERGY), Bozen, Italy.**
Collaboration in STARDUST project. The objective is to analyze qualitatively, through semi-structured interviews administered to the inhabitants of the building complex. Main focus in this research is the perception and sensitivity of the spatial improvement's new changes, both at a structural level as well as of the daily changing habits that will affect the homes and in particular the lifestyle of the tenants. Further collaborations:stakeholders analysis for ENERMPAS research;network analysis for ENERMPAS project;evaluation of the participatory approach in the context of reference and research for a potential more efficient development for SINFONIA project.
- May 2016 - **Tourism manager PerùResponsabile, Lima, Perù.**
December 2019 Responsible for customized travel experience in Perù in the role of tourism manager and travel designer, with an agency that deals with sustainable tourism.
- December 2014 - **Junior researcher CREA-MPF (Center of Research in Agriculture), Trento, Italy.**
Collaboration for PON, Ambi.Tec.Fil.Legno.. Main activities: Stakeholders analysis; Preparation and administration of questionnaires face-to-face in Calabria; Statistical processing of the answers through the use of Excel and XLStat software for the qualitative-quantitative evaluation of social, cultural and natural capital; Evaluation of a participatory approach in the context of reference and research for a potential more efficient development.

Education

- November 2020 - present **Ph.D. Student (Grant funded by EURAC Research), University of Trento, Italy.**
Sustainability: Economics, Environment, Management and Society. The focus of this programme is the study how the principles of economic, environmental and social sustainability can inform economic models, models and tools for managing natural resources, business models and management tools for companies, institutions and organizations (including both for-profit and non-profit ones). The PhD programme provides advanced knowledge in selected disciplines, including a broad range of quantitative and qualitative methods, and a stimulating interdisciplinary research environment. Academic tutor: Natalia Magnani.
